## ADMINISTRATION

COLONEL CHARLES S. ROLLER, JR... COMMANDANT AND PRINCIPAL

COLONEL CHARLES S. ROLLER, JR., B.S., M.S.,  
MATHEMATICS, SCIENCE

Virginia Military Institute. Football Coach and Mathematics Instructor at Virginia Military Institute, Washington and Lee University, and Furman University. Forty-eight Years Teaching Experience.

MAJOR HERBERT D. DEANE, B.S. .... ENGLISH  
University of Virginia. At the Academy twenty-four years. Twenty-four years Teaching Experience. Chairman of the Academic Board.

## ACADEMIC STAFF (UPPER SCHOOL)

COLONEL WILLIAM C. LOUISELL, B.S.... MATHEMATICS, DRAWING  
Alabama Polytechnic Institute. At the Academy two years. Seventeen years Teaching Experience. Assistant Commandant.

LIEUT. COLONEL W. LEONARD GARDNER,  
B.A. .... FOREIGN LANGUAGES  
The Citadel, Cornell University, University of Virginia. At the Academy three years. Twelve years Teaching Experience.

MAJOR J. CYRUS McCUE, JR., B.S., M.S. .... MATHEMATICS, SCIENCE  
University of Virginia. At the Academy ten years. Thirteen years Teaching Experience.

MAJOR PAUL V. HOOVER, B.A., M.A. .... MATHEMATICS  
Franklin Marshall College, University of Wisconsin, University of Maryland. At the Academy nine years. Fourteen years Teaching Experience.

MAJOR MARTIN G. MANCH, B.A., MUS.B. .... GERMAN, MUSIC  
University of Stuttgart, Germany, Sherwood Music School, Chicago. At the Academy thirty-two years. Thirty-seven years Teaching Experience.

MAJOR H. B. McCRUM, L.L.B. .... MATHEMATICS  
University of West Virginia. At the Academy eight years. Twelve years Teaching Experience.

MAJOR F. M. SIZER, B.A. .... ENGLISH, HISTORY  
William and Mary College. At the Academy one year. Thirty-five years Teaching Experience.

CAPTAIN ROBERT S. HART, B.A. .... ENGLISH  
Wake Forest College. At the Academy five years. Nine years Teaching Experience.

CAPTAIN JOHN T. SHOWALTER, B.A. .... MATHEMATICS, SCIENCE  
Bridgewater College. At the Academy five years. Seven years Teaching Experience.

CAPTAIN J. D. KRAMER, B.A. .... MATHEMATICS  
Bridgewater College, University of Virginia. At the Academy four years. Twenty-four years Teaching Experience.

CAPTAIN O. A. DAVIS, B.S. .... HISTORY  
California State Teachers College, University of Pittsburgh. At the Academy four years. Four years Teaching Experience.

CAPTAIN W. D. McKINNEY, B.A. .... HISTORY, SCIENCE  
Weaner College, Duke University, University of North Carolina. At the Academy four years, twenty-three years Teaching Experience.

CAPTAIN GEORGE A. CHAPMAN, B.S.C. .... ENGLISH, HISTORY  
University of Georgia. At the Academy three years. Four years Teaching Experience.

LIEUTENANT GLENN W. KOGLER, B.A. .... ENGLISH, HISTORY  
Bridgewater College, Duke University. At the Academy three years. Fourteen years Teaching Experience.

CAPTAIN ALFREDO ARNALDO BRAS, B.A., L.L.B. .... SPANISH  
University of Puerto Rico. At the Academy three years. Six years Teaching Experience.

LIEUTENANT ARMISTEAD F. SELDEN, B.A. .... FOREIGN LANGUAGES  
University of Virginia. At the Academy two years. Three years Teaching Experience.

LIEUTENANT T. C. BALES, JR., B.A. .... ENGLISH, LATIN  
Hampden-Sidney College. At the Academy one year. One year Teaching Experience.

LIEUTENANT CHARLES E. SAVEDGE, B.A. .... BIOLOGY, HISTORY  
Washington and Lee University. At the Academy one year. One year Teaching Experience.

LIEUTENANT R. W. BOMBERGER, JR., B.A. .... SPANISH  
Franklin and Marshall College. At the Academy one year. One year Teaching Experience.

LIEUTENANT CARL BECKER, B.S. .... ENGLISH, LATIN  
Millersville State Teachers College. At the Academy one year. One year Teaching Experience.

CAPTAIN TED ANDERSON, B.S. .... ENGLISH  
Central State Teachers College (Oklahoma). At the Academy one year. Five years Teaching Experience.

#### ACADEMIC STAFF (JUNIOR SCHOOL)

LIEUT. COLONEL E. E. RHOADES, B.S., M.S. .... EIGHTH GRADE, AERONAUTICS  
Penn State College, University of Tennessee. At the Academy two years. Two years Teaching Experience.

MRS. O. A. DAVIS, B.S. .... SEVENTH GRADE  
California State Teachers College, University of Pittsburgh. At the Academy four years. Twelve years Teaching Experience.

MRS. W. D. MCKINNEY, B.A. .... SIXTH GRADE  
Sam Houston State Teachers College, Baylor Hardin College. At the Academy four years. Fourteen years Teaching Experience.

MRS. E. E. RHOADES, B.S. .... FIFTH GRADE  
Western Carolina State Teachers College. At the Academy one year. Three years Teaching Experience.

#### MILITARY STAFF

COLONEL ROSSITER H. GARRITY, *Calvary*

PROFESSOR OF MILITARY SCIENCE AND TACTICS  
Detailed to the Academy by the War Department as Professor of Military Science and Tactics on 13 September 1946.

MAJOR ROBERT T. DUNN, *Infantry* .... ASSISTANT P.M.S. & T.  
Detailed to the Academy by the War Department 1 August 1946.

CAPTAIN HOWARD A. SEARL, *Infantry* .... ASSISTANT P.M.S. & T.  
Detailed to the Academy by the War Department 7 December 1946

MASTER SERGEANT JOHN E. CALDWELL .... ASSISTANT P. M. S. & T.  
Detailed to the Academy by the War Department 1 August 1947.

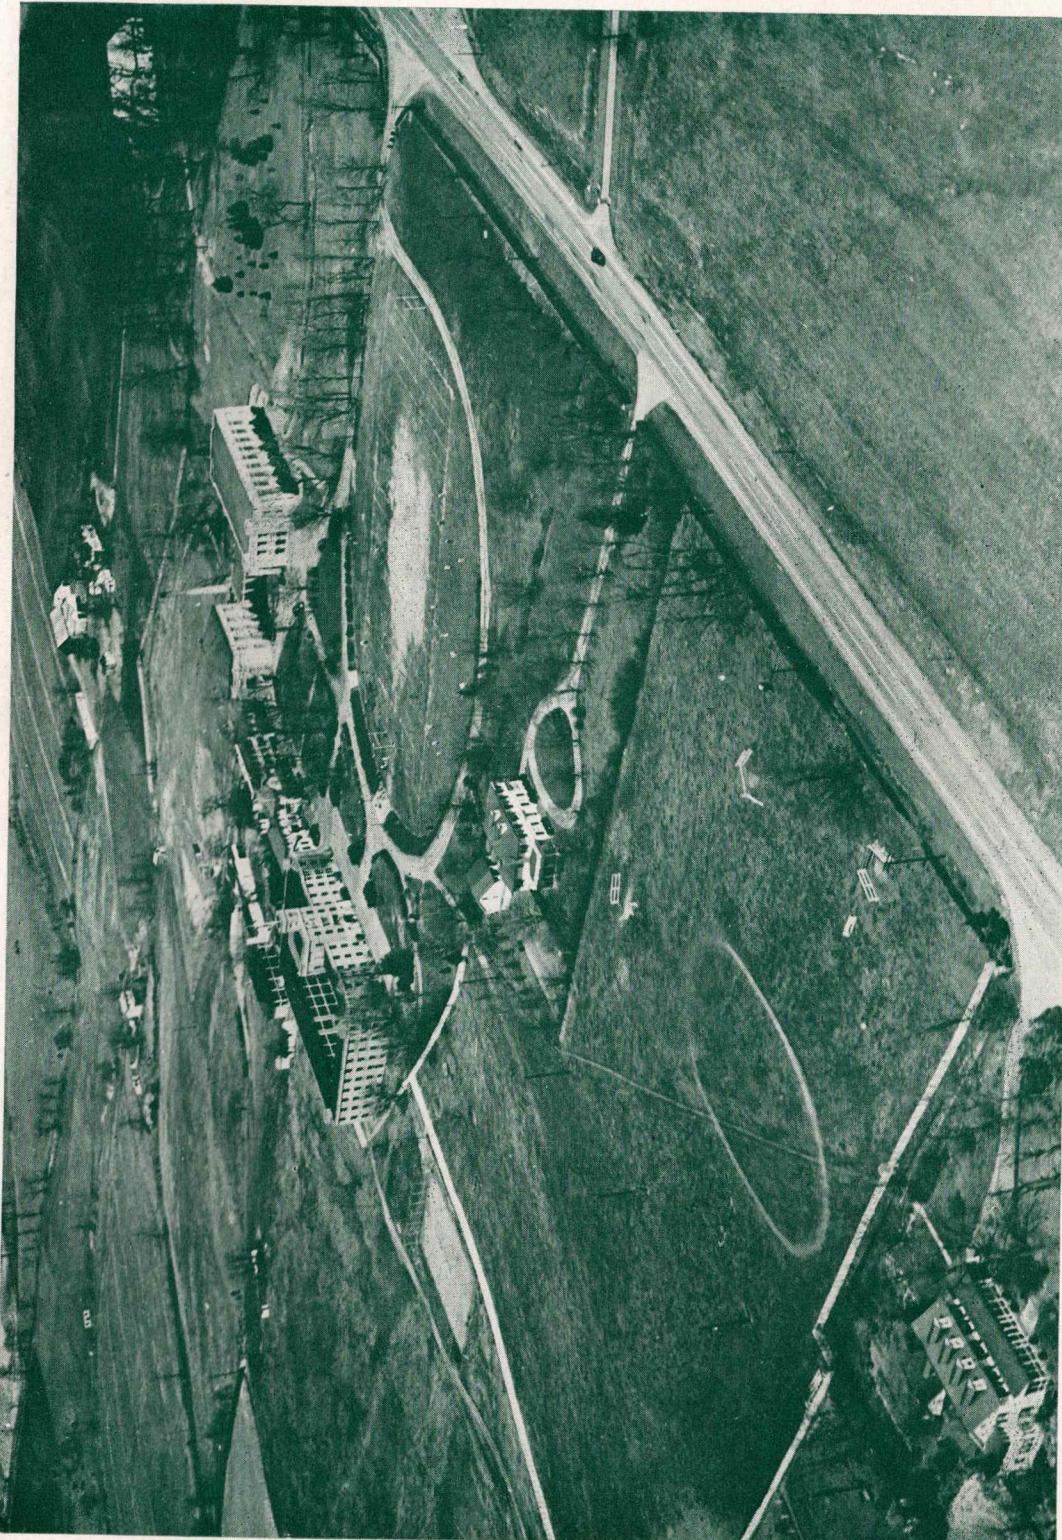

MASTER SERGEANT RICHARD A. MEDCALF ASSISTANT P.M.S. & T.  
Detailed to the Academy by the War Department 11 October 1946.

STAFF SERGEANT JAMES E. MARSHALL .... ASSISTANT P.M.S. & T.  
Detailed to the Academy by the War Department 19 September 1947.

SERGEANT BERNARD C. McCRUM .... ASSISTANT P. M. S. & T.  
Detailed to the Academy by the War Department 22 August 1947.

COLONEL THOMAS J. ROLLER

COLONEL CHARLES S. ROLLER, JR.

## History of the School

**I**N 1865, when the war-torn Valley of Virginia had practically no educational facilities, the Augusta Military Academy was founded by a young Confederate soldier, recently discharged from General Lee's army, to provide high school education for other young soldiers whose schooling had been interrupted by the war, and for those who had been too young to fight. The young soldier was Charles S. Roller, father of the present principals, and he called the school the Augusta Male Academy. Originally a day school, its success was so immediate and its reputation so widespread that it began accepting boarding students and became the Augusta Military Academy.

In 1907 the founder retired because of ill health and his two sons, Colonel Thomas J. Roller, and Major Charles S. Roller, Jr., assumed active control. Under their management the Academy has grown to its present size and nationwide reputation for successful education for the young man.

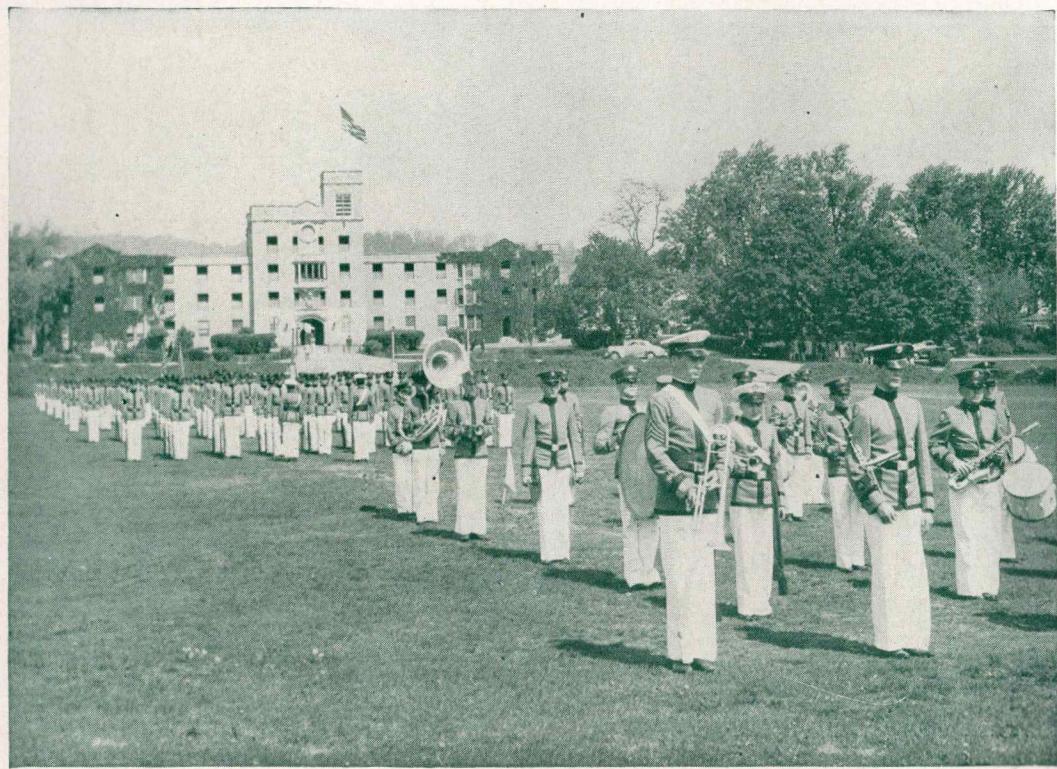

A partnership that had existed for half a century was unfortunately terminated on March 10, 1946, when Colonel Roller, after an extended illness, died while visiting his son in Coral Gables, Florida. As a result, Major Roller assumed the entire management of the school.

In 1946, Major Roller was promoted to Colonel in the Virginia State Guard.

CORPS READY FOR INSPECTION

## General Information

### A WORD TO PARENTS

SENDING your boy off to school is a matter of grave importance to you. It is essential to you to know that the school to which he will go is the best school for him. We believe that nearly all parents can be assured that Augusta is the school for their boy.

All cadets at Augusta are under the same rules and regulations, and all are required to abide by these rules at all times. Everything the boy does is supervised by a skilled faculty, who are intelligent and understanding officers, selected not only for their educational worth but for their ability to understand the problems of the young man. Study, military drill, athletics, and recreation are thoroughly planned by us and the guidance received is extremely profitable to the cadet. This calls for expert methods, developed by long and successful experience, of character-building and the formation of habits and attitudes of the efficient man. We strive to create an environment that develops the best in the boy and suppresses what is harmful.

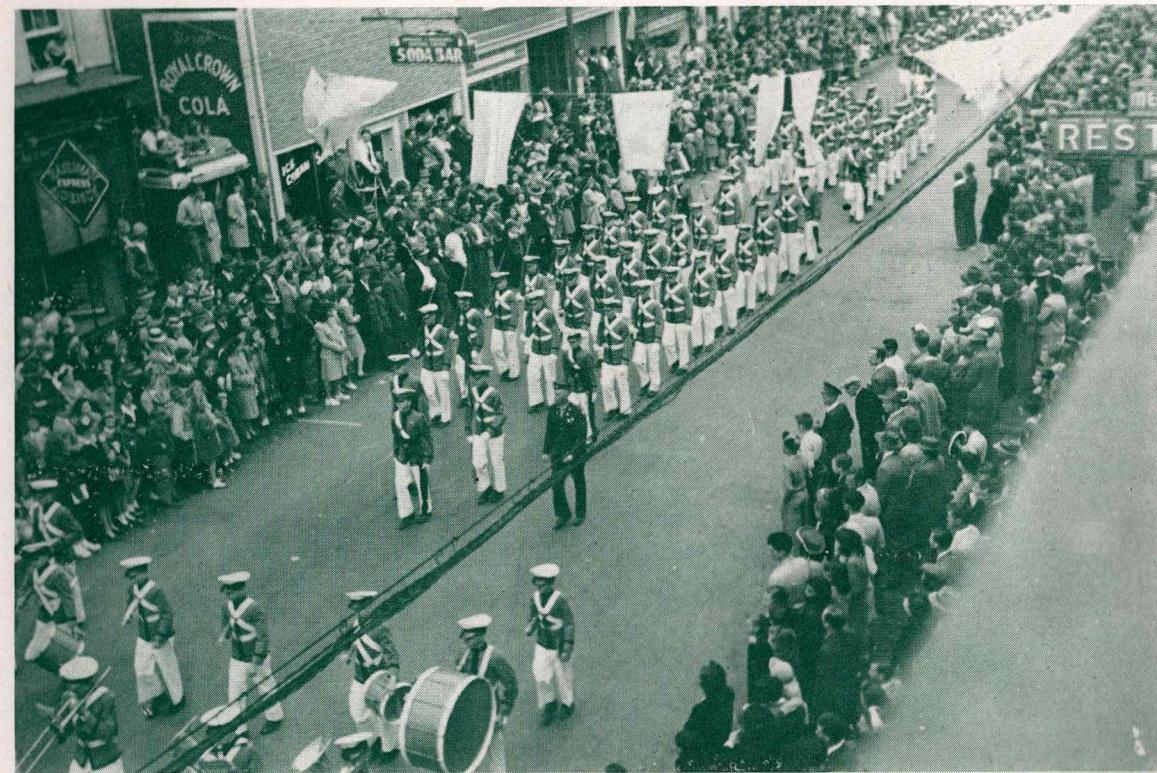

JUNIOR COMPANY IN FULL DRESS

**ACCIDENT LIABILITY**

The school's principal, officers, agents, and employers exercise every reasonable precaution to prevent accidents and injuries. However, no relationship of principal and agent, or employer and employee, is recognized or ever existed between the school authorities, on the one hand, and cadets in barracks, or the athletic field, drill grounds, or elsewhere, on the other hand; and the Principal will not be responsible for injuries resulting from accidents growing out of activities between or among cadets.

It is for this reason that we urge our patrons to secure an accident insurance policy, which protects the cadet against accidents not only while in school, but while coming to or leaving the school. These policies are handled by regular insurance companies, not by the school, but the school will furnish the name of acceptable companies and the type of insurance most desirable upon application by the patron.

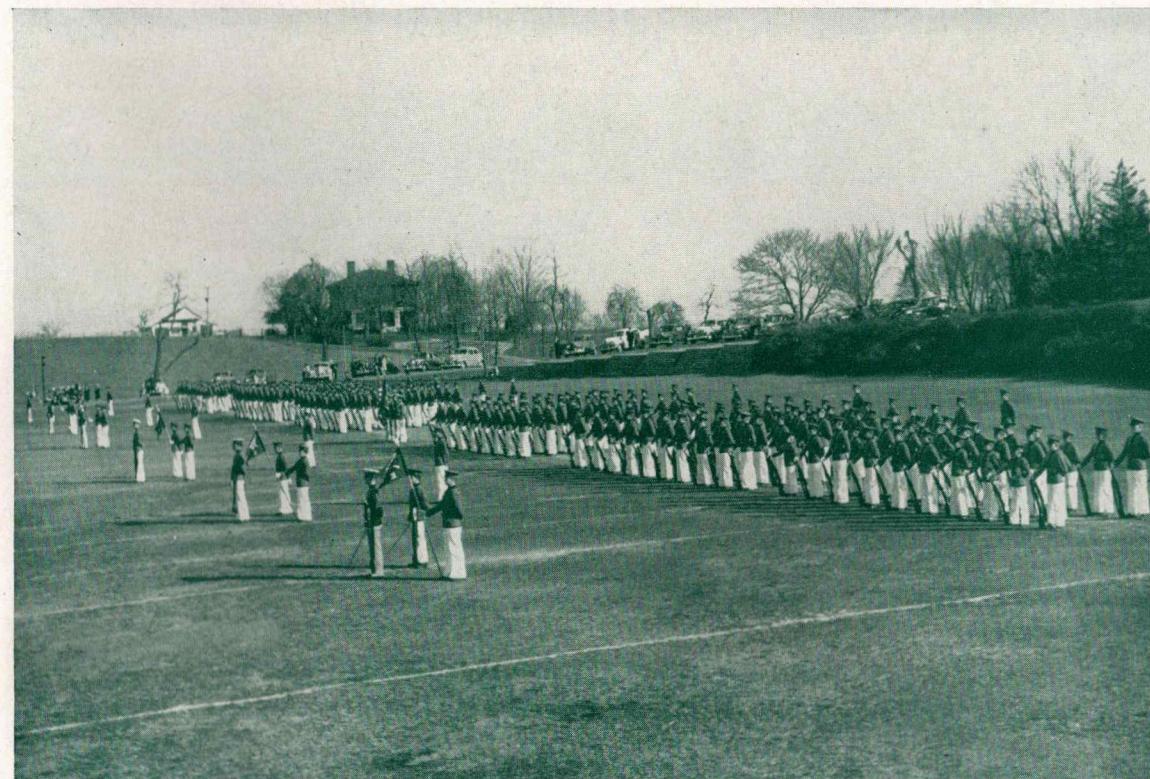

CORPS PARADING AT APPLE BLOSSOM FESTIVAL

**OUR PURPOSE**

The Augusta Military Academy is essentially a college preparatory school, and our chief purpose is to equip boys with the proper foundation for entrance to the colleges and universities of the United States as well as to the service academies. However, if a boy does not intend to enter a college, the training received here will help him immeasurably in fitting himself for the duties and responsibilities of life.

Military training is invaluable in teaching poise, self-reliance, and teamwork. We do not attempt to make soldiers of our cadets, but the training received here has repaid many times those cadets who have served in the armed forces in either of the two World Wars. Military life promotes obedience, respect to superiors, and a dignified courtesy.

With the experience of many years and assisted by an able corps of instructors, we feel that we are not only achieving each year splendid academic results but are also instilling in the cadets those qualities and virtues that make for real manhood, stressing at all times honorable conduct, a faithful performance of duty, a decent regard for rules and authority, a sympathetic feeling for the other fellow, love of fair play, and faith and confidence in one's self.

DRESS PARADE ON PARADE GROUND

#### ON CHOOSING A SCHOOL

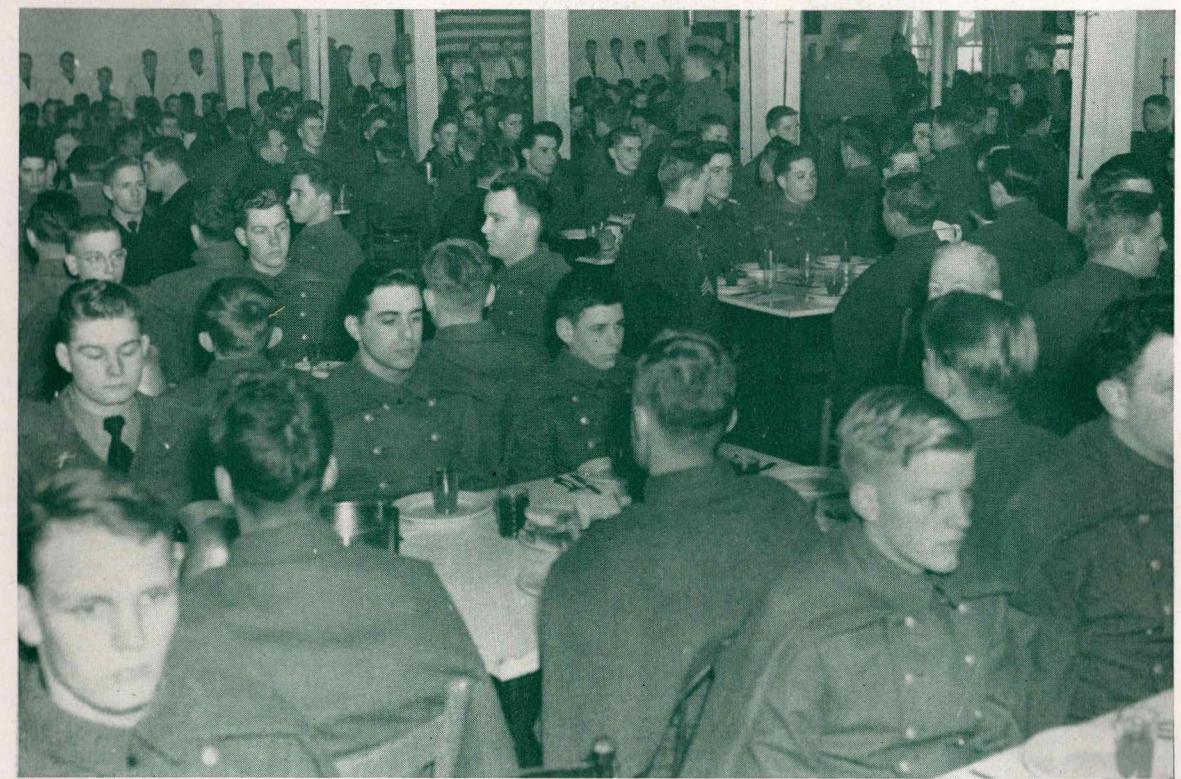

A parent cannot be too careful in choosing a preparatory school. We believe that the most important things to be considered are the type of instruction the boy will get, the school's health record, its moral atmosphere, and the type of associates with whom he will come in contact.

Our instructors are all graduates of recognized colleges and universities, and are chosen as much for their ability to understand the youthful mind as for their excellence in their subjects. They are expected to be leaders rather than drivers, to guide rather than direct.

The school's health record is unsurpassed. Ample physical exercise for all cadets is maintained by military drill. A trained nurse is present at all times, and a physician holds sick call every day. Wholesome, well-cooked food is served at each meal, and the Academy is justly proud of its record of serving fresh butter and milk daily during the lean years of the war.

Each cadet is required to attend church each Sunday, and although the school is non-denominational, chapel is held each day. A course in Bible study is offered, and each Sunday night a Y.M.C.A. is conducted by the cadets themselves. Only boys with morals of a high type are admitted to the Academy.

The cadets at the Academy come from all sections of the United States and from several foreign countries. However, all are expected to be gentlemen, and those found to be lacking in the gentlemanly qualities of high integrity, honesty, and fair play will be dismissed. A parent can be assured that the cadet's associates will be of the highest type.

THE CORPS IN THE MESS HALL

#### HEALTH

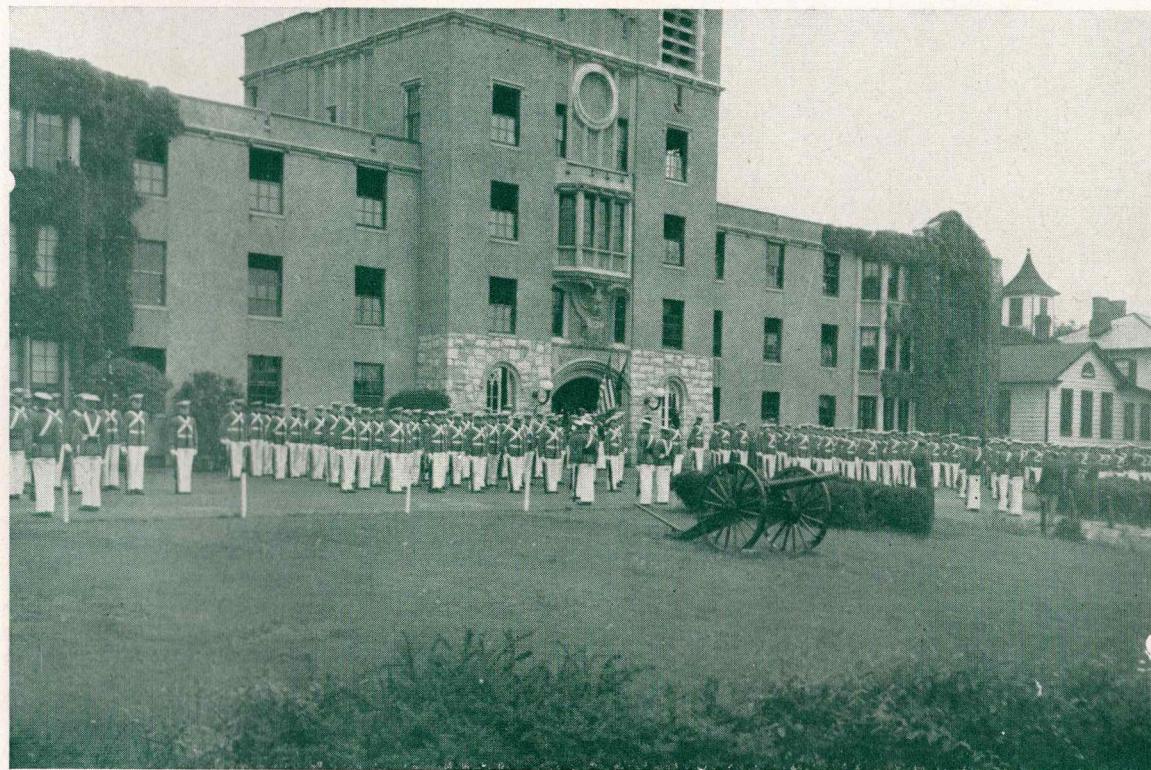

The health of our cadets is one of our first considerations. Every precaution is taken to prevent carelessness and indiscretion in dress, from which so much sickness results. Plenty of exercise in the open air, plenty of rest, excellent water, wholesome food, and systematic hours for both work and play are provided.

The buildings are modern and steam-heated. Ventilation and sanitation are checked daily.

A physical examination is given each new cadet each fall. Measurements are taken and special care is given to the condition of the heart, lungs and general health. The over-coat is required wear during cold days.

In case of sickness, each cadet is carefully attended. A trained nurse is in constant attendance at the infirmary, and a physician makes a daily trip to the Academy to examine any cadets who may not be feeling up to par. In cases of serious illness, a qualified hospital is located in Staunton, only eight miles away. In all cases of sickness, parents are immediately notified and are kept informed of the boy's condition.

The Academy has an enviable health record. Serious illnesses are extremely rare, and the sick rate is lower here than at the average public school. Any parent can be assured that a boy will enjoy exceptional health while he is in this school.

CORPS IN FRONT OF MAIN BARRACKS

#### ADMISSION

All cadets are admitted to the Augusta Military Academy without examination, and cadets from ten to twenty-one years of age are accepted. Regular classes are conducted from the sixth grade to high-school post-graduate work.

Cadets are admitted at any time during the school year, but it is urgently advised that they be entered at the opening of the term in order that they may begin work with the regular classes. Too often boys enter school several weeks late and they find it discouraging to attempt to catch up with the students who have had the advantage of a regular start.

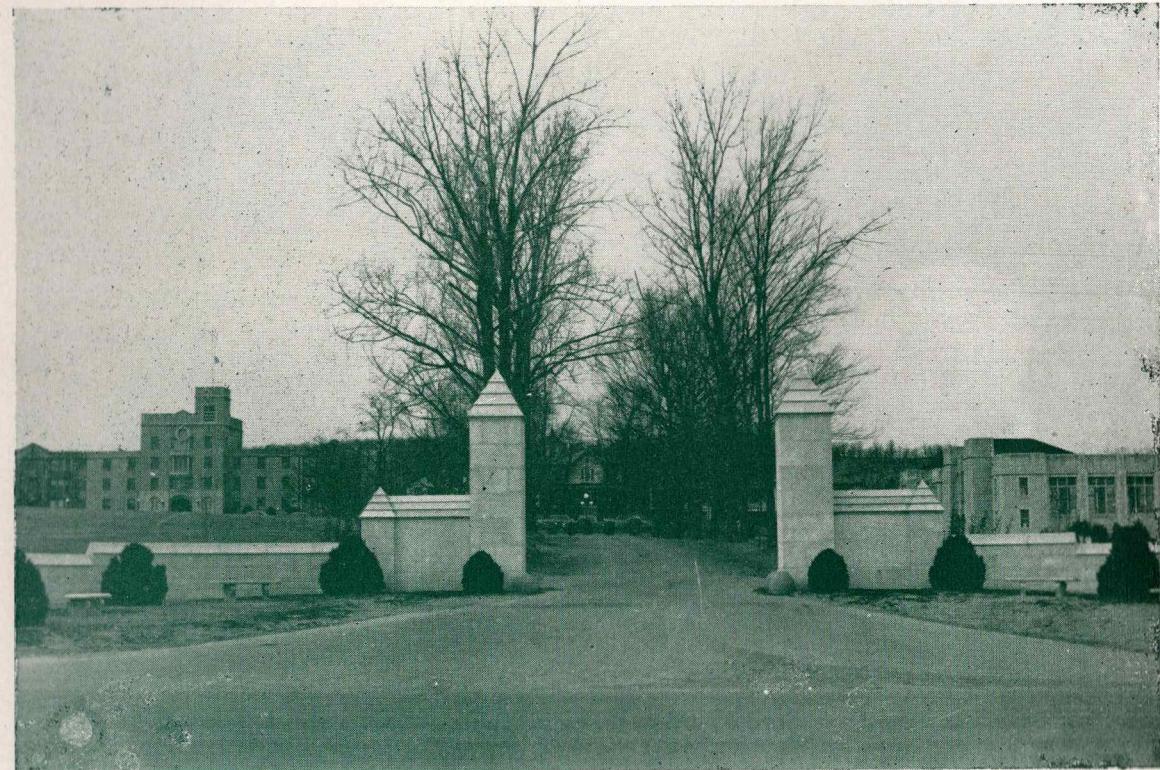

Veterans are admitted under the G. I. Bill of Rights. Special information for veterans will be found on Page 77.

No cadet will be admitted without a transcript of credits from his former school. This transcript must be mailed to the Academy prior to the physical entrance of the new cadet.

The school is conducted by gentlemen for gentlemen. Boys with confirmed bad habits and those who cannot or will not conform to the standards of conduct will be immediately dismissed.

#### LIMITED NUMBERS

The school is limited in numbers, as we believe it to be a physical impossibility to give a large number of boys the proper supervision and personal attention. The personal attention we give our cadets is, we believe, one of our strongest points.

ENTRANCE TO ACADEMY FROM ROUTE 11

#### ADVANTAGEOUS LOCATION

The Augusta Military Academy is located in one of the most beautiful sections of the Shenandoah Valley of Virginia, 1300 feet above sea level, in a refined community, remote from the demoralizing influences of city life.

Our country location enables us to have ample grounds for all sports, recreation, parades, and yet it is possible to reach the nearest city in fifteen minutes in an emergency.

#### How To REACH FORT DEFIANCE

Fort Defiance, the home of the Academy, is located eight miles north of Staunton, Virginia, on U. S. Highway No. 11, one of the main North-South traffic arteries.

For cadets arriving by rail, it is best to secure tickets to Staunton, Virginia, which is on the main line of the Chesapeake and Ohio Railroad.

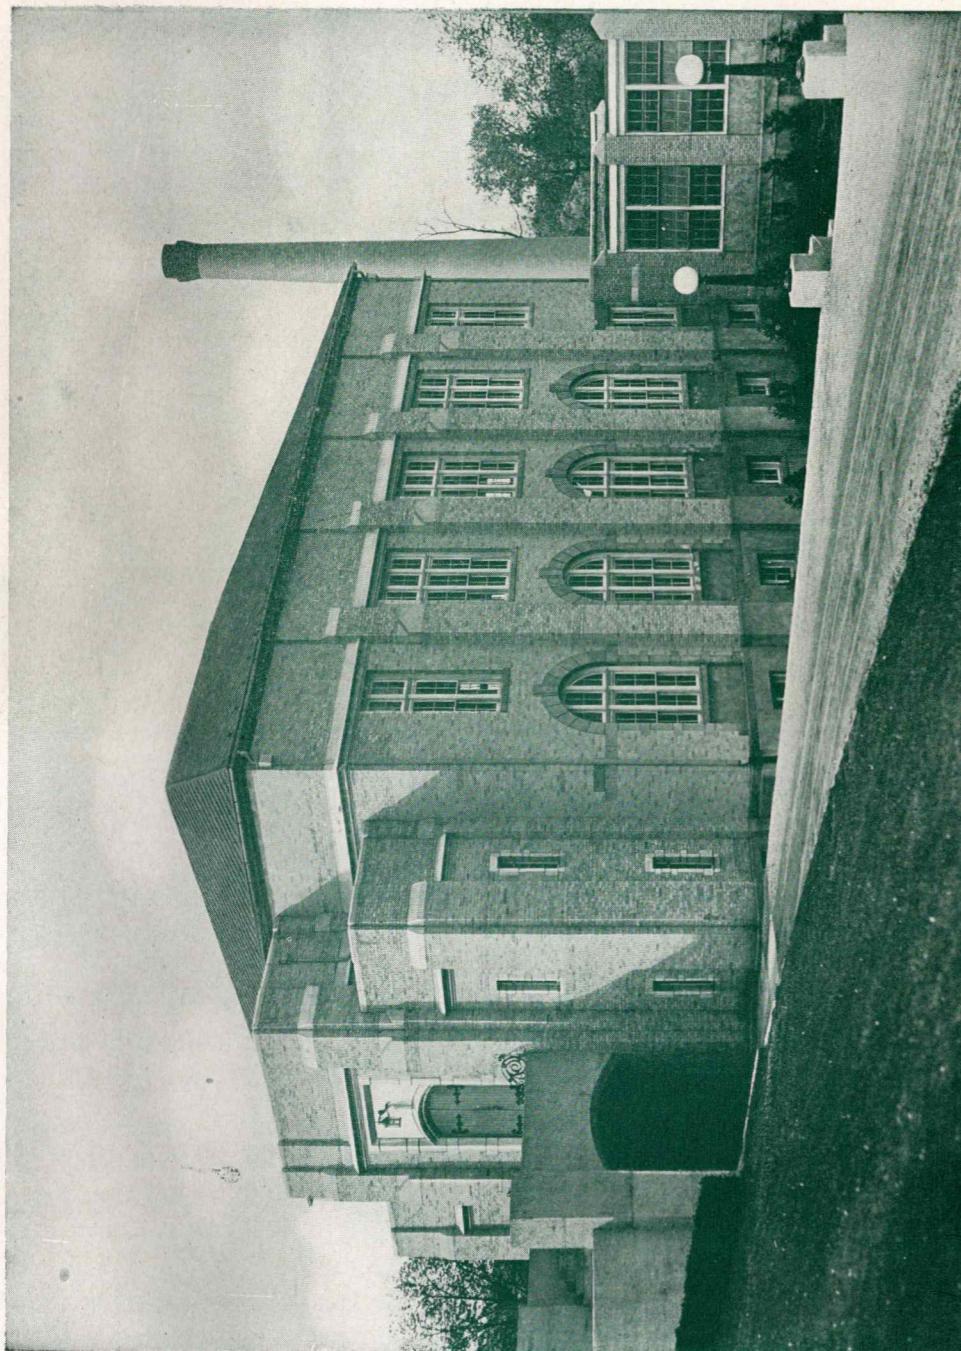

For those living in the North or West, the Chesapeake and Ohio will bring a cadet direct to Staunton. For those in the South, Staunton can be reached by changing at Richmond or Charlottesville.

Ample accommodations can be found at Staunton for parties arriving at night. Bus schedules are maintained between Staunton and the Academy.

All baggage should be checked to Staunton, Virginia.

All telegrams should be sent to Augusta Military Academy, Staunton, Virginia.

The Freight office is at Weyers Cave, Virginia.

THE MEMORIAL ACADEMIC HALL

FORT DEFIANCE, VIRGINIA

*Nineteen*

ONE OF THE CLASSROOMS IN ACADEMIC HALL

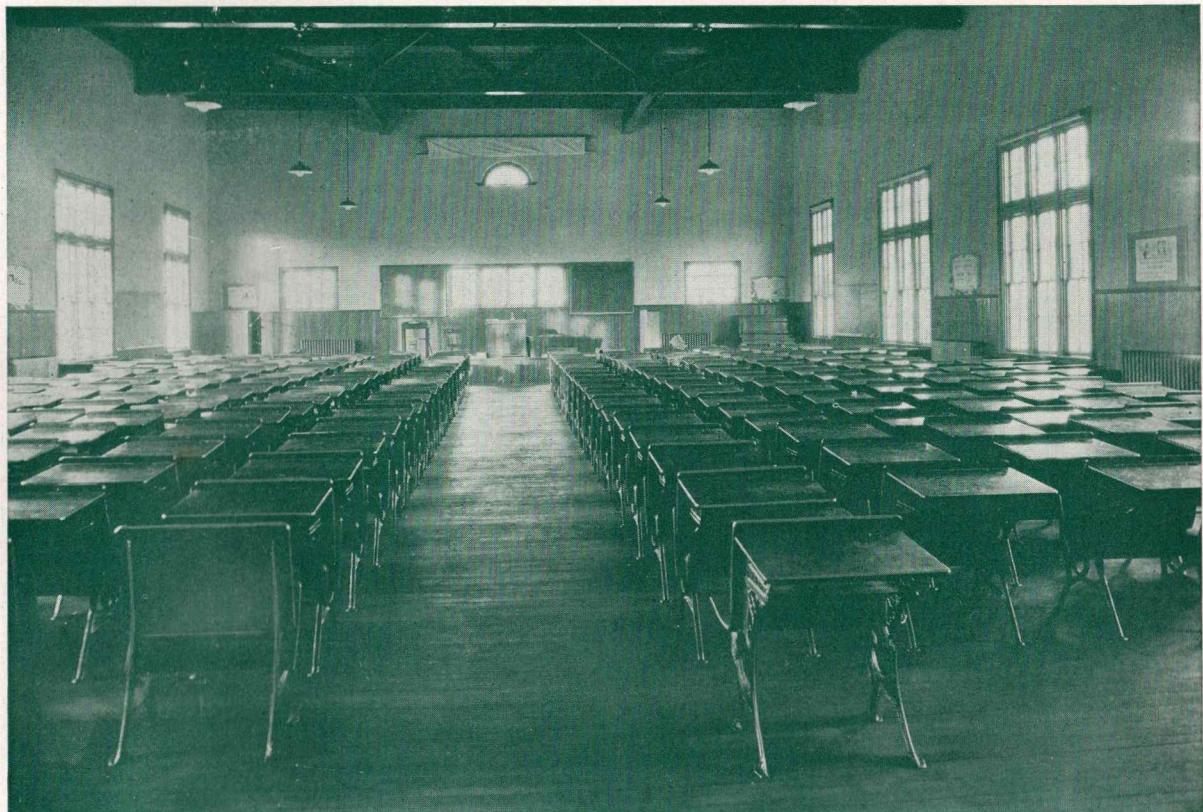

## Academic Department GENERAL

THE AUGUSTA MILITARY ACADEMY is an accredited school, and its graduates are admitted without examination into those colleges and universities which admit on the certificate plan. In many cases, cadets who do not actually graduate may accumulate enough credits to enter certain colleges if the school certifies that the cadet is capable of doing acceptable work.

Each year many cadets go from the Academy to the various colleges and universities of the United States, including West Point and Annapolis, and do excellent college work.

The school year is divided into three semesters, fall, winter, and spring. At the end of each semester an examination is given on the work covered during the semester, and the yearly grade is the average obtained from the monthly grades and the examination grades, each counting one-half.

With few exceptions courses last the entire year and no credit is given unless the entire course is completed. The only exception to this rule is in the case of a cadet who may enter late in the school year and who may be given credit for satisfactorily completing a subject begun in another school.

AUDITORIUM IN ACADEMIC HALL

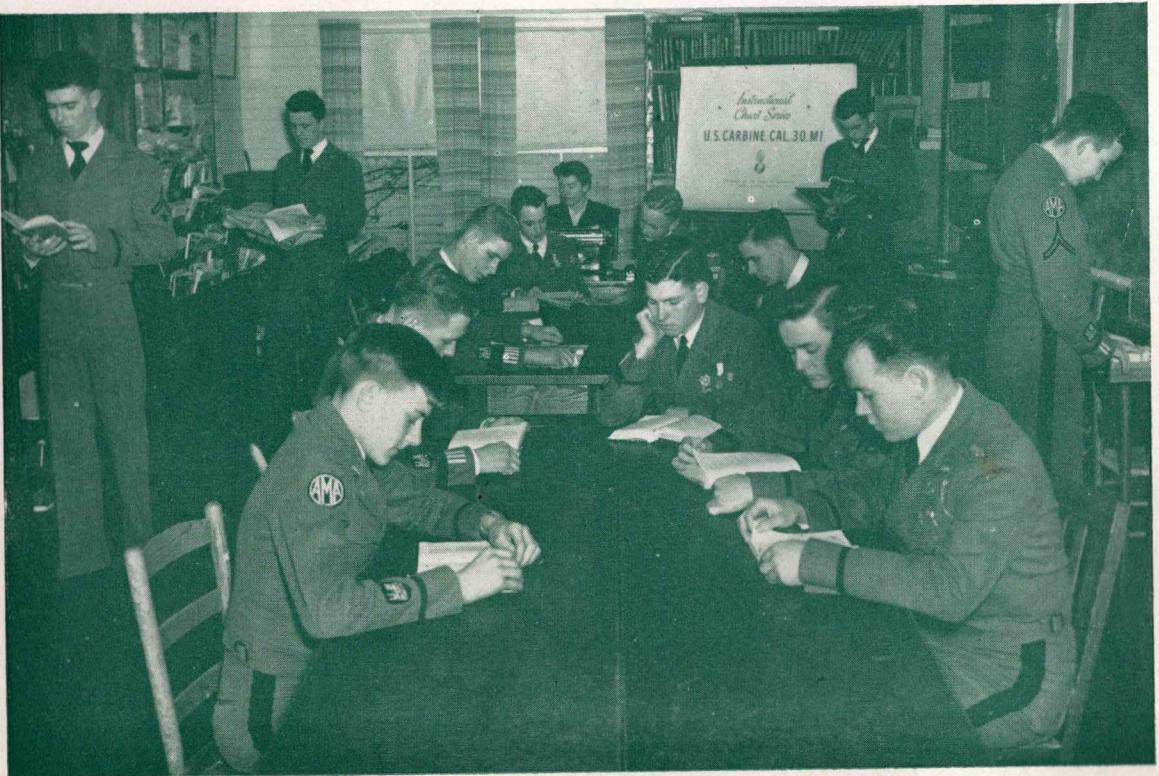

#### SUPERVISION

The Academy knows from long experience that young men are sometimes prone to be lax in the preparation of their work. For this reason, constant supervision is given to the preparation of work.

Normally, a cadet is allowed to study in his room. However, if his work is unsatisfactory, he is sent each night to Study Hall, which is presided over by two instructors on the regular academic staff. In addition to maintaining perfect order and seeing that the cadets actually study, they are available to those cadets who need assistance in the preparation of their work. For the cadets who remain in barracks to study, four instructors each night pass by each room. They check to see that the cadets are studying, and may be utilized by any cadet who needs assistance. In both the barracks inspections and in Study Hall, the instructors are so detailed that they may give assistance in practically any subject. In addition, many of the instructors live in the barracks with the cadets, and their rooms are available to cadets needing assistance during Study Hour.

For those cadets who do not hand in acceptable work during the school day, a Study Hall is held each afternoon. There they are made to complete properly during their normal leisure time the work in which they are deficient.

Classes are small, averaging about fifteen cadets, and with the supervised study, the Academy is justly proud of the results that it has gotten in the past.

STUDYING IN THE LIBRARY

#### REPORTS

A report is sent to each parent or guardian at the end of each month and at the end of each examination period, showing the actual grades made by each cadet on each subject. The Augusta Military Academy uses the numerical grading system instead of a literal system, because we believe that a grade of 85 tells the parent more than a grade of B. The passing grade is 75 in all courses. This is also the college certifying grade.

Each report is given the personal attention of the Principals, and frequently cadets are called into the office to explain why their grades are not as high as they should be. Conferences are held with teachers when a student's grades are low, and extensive efforts are made to get at the root of the boy's trouble.

We advise that each parent study the report card carefully. Write to your son about his grades, and to us. If he is progressing satisfactorily, a pat on the back will boost his morale; if he is falling down on the job, a reprimand may encourage him to work harder. The Academy welcomes discussion of any cadet's progress.

#### FACULTY

Our faculty are ladies and gentlemen of the highest caliber, chosen not only for their educational worth but for their ability to understand and to get along with boys, and many of them are devoting their lives to this work. Many have been with us for many years and we believe that they are the best to be found.

BIRTHPLACE OF COLONELS T. J. AND C. S. ROLLER, JR.

**GRADUATION REQUIREMENTS FOR A. M. A. DIPLOMA**

Each candidate for graduation is required to attend the Academy at least one full year, and to complete satisfactorily eighteen units as prescribed below. Credit is given for satisfactorily completing work done at any recognized high school, provided the work done is in one of the subjects listed below. No credit toward an A. M. A. diploma is given for such subjects as typewriting, mechanical arts, shop work, or kindred work.

The requirements are as follows:

English.....	4 Units
Mathematics.....	4 Units
Algebra I, Algebra II, Plane Geometry, and Solid Geometry and Trigonometry.	
History.....	4 Units
American, English, Ancient and Civics	
Science.....	2 Units
Two units, of which at least one must be Physics or Chemistry	
Foreign Languages.....	3 Units
3 years credit in any one of the following or 2 years credit in each of any 2 of:	
Latin, Spanish, French, or German.	
Military Science.....	1 Unit
Total.....	18 Units

It is recommended that each cadet specialize in one foreign language and study it for three years so that he has a firm knowledge of it, unless for some reason it is desired that he study two different languages. In case two different languages are elected, it is necessary that each be studied two years, as no credit is given in any college for one year of a foreign language, and this Academy will give none toward graduation.

CLASSROOMS ON "THE HILL"

**GRADUATION REQUIREMENTS FOR A. M. A. SCIENTIFIC DIPLOMA**

In addition to the Regular Diploma, we are offering this year a Scientific Diploma, which will allow the student who desires to pursue a college course in engineering or science to substitute more science and mathematics courses for the foreign languages.

The requirements for the Scientific Diploma are four units in English; four in Mathematics, which must include two in Algebra, one in Plane Geometry, and one in Solid Geometry and Trigonometry; three in History; and three in Science; and one in Military Science. The other three are elective, and two units of a foreign language may be elected if the student so wishes, a total of 17 units.

It is called to the attention of future patrons that there may be some special cases where special privileges will be allowed certain cadets to enable them to acquire either an A. M. A. Diploma or the Scientific Diploma with other than the units specified on this Page and on Page 22. This will be entirely in the hands of the Principal and the Academic Board.

Required	Elective
English .....	4 Units
Mathematics .....	4 Units
History .....	3 Units
Science .....	3 Units
Military Science .....	1 Unit
Total .....	15 Units
History .....	1 Unit
Science .....	2 Units
Foreign Languages .....	2 Units
Total .....	5 Units

ASSEMBLY IN ACADEMIC HALL

### DESCRIPTION OF COURSES

#### ENGLISH

It is our belief that no boy can become too familiar with the English language and the literature written by American and English authors. For that reason each cadet is required to take an English class each year at the Academy, regardless of whether he has completed the required number of units for graduation or not.

Five years of English are given. Each year stresses grammar and composition and the reading of English and American authors of recognized merit. The first four years are the required high school years while the fifth is a post graduate course for those cadets who have finished the first four years.

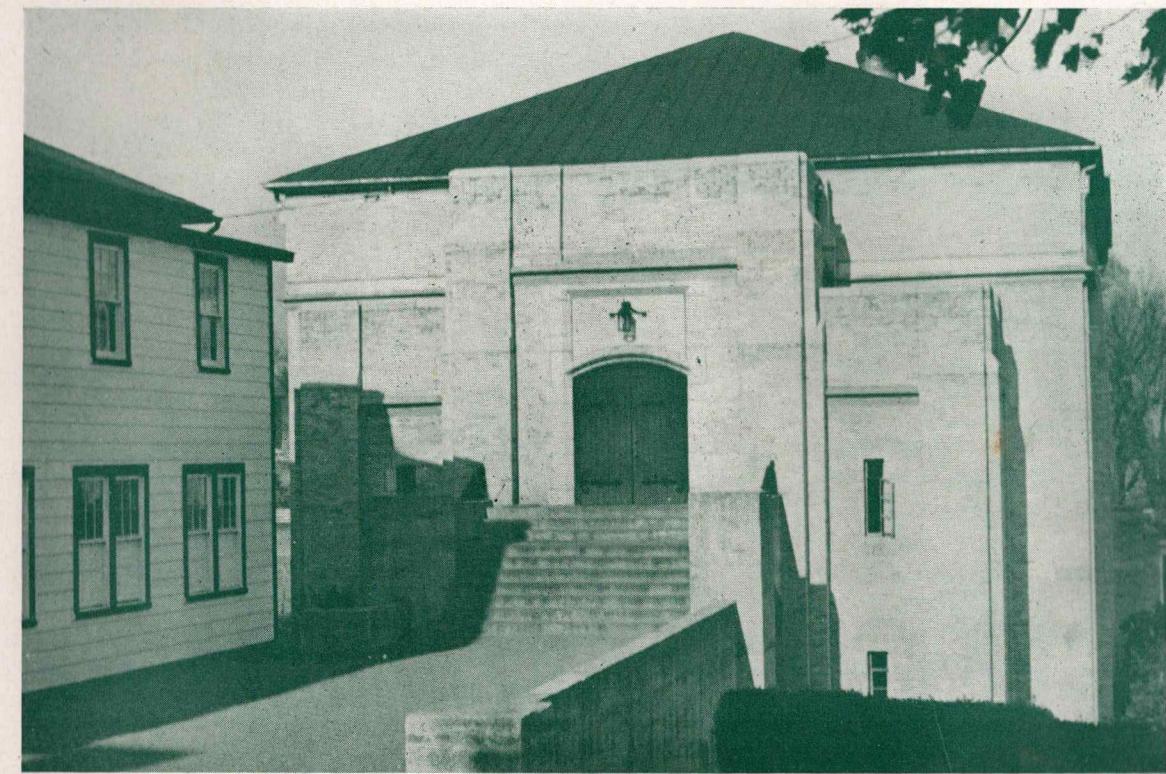

The ability to write and speak correct English, and the ability to read and understand good literature, not only for the purpose of a thorough preparation for college classes, but for greater enjoyment in later life, is the aim of the English department.

#### HISTORY

The Academy offers four years of History, all of which are required for an A.M.A. Diploma. Ancient History is recommended for the first year and covers the History of Europe from the beginning to the French Revolution.

English History is recommended for the second year, and covers the history of England from the earliest dates to the present.

Civics is a full year course which covers the Government of the American people and is recommended for the third year, while a full year course in American History is recommended for the final year.

FRONT ENTRANCE TO ACADEMIC HALL

#### MATHEMATICS

In addition to requiring each cadet to study English each year, we believe in a thorough grounding in Mathematics before a student enters college. As a consequence, we offer five years of Mathematics, rather than the three offered by some high schools.

Algebra is the basis of all higher Mathematics, and thus it is stressed. Three years of Algebra are offered, of which two are required for graduation. First year Algebra covers basic principles up to the quadratic equation, while the second year starts at the quadratic equation and completes the basic course. Mathematics V, or College Algebra, is the same course as that given in the first year by various colleges. It takes a short but comprehensive review of basic Algebra, then covers such topics as properties of the quadratic equation, ratio and proportion, permutations and combinations, systems of equations, etc. For those students who contemplate studying engineering or entering one of the Service Academies, it is recommended that both Mathematics V and Solid Geometry and Trigonometry be taken.

Mathematics III, or Plane Geometry, is given the third year. Emphasis is given to the working of original exercises and problems over mere memory work.

Mathematics IV, Solid Geometry and Trigonometry, is given in one year. Solid Geometry is completed in February, and Plane Trigonometry is completed from February until June.

FUTURE PHYSICISTS AT WORK

### SCIENCE

With the addition of Aeronautics in 1946-47 and of Biology in 1947-48, the Academy now offers five Science courses. Physics, Chemistry, and Physical Geography, in addition to the two new ones, comprise the science curriculum.

Two Science courses are required for graduation, of which one must be either Physics or Chemistry. In other words, Physics and Chemistry are both considered senior Sciences, and one of the two must be offered. It is all right to take both of them, but one of the other three may be substituted for either one.

For those students who contemplate the study of Engineering in College, Physics and Chemistry are both strongly recommended, in addition to Mechanical Drawing, which is also offered. Mechanical Drawing is of especial value to the student of Engineering, but we do not give a credit in it toward graduation, although some colleges will accept it as such.

For those students who contemplate the study of medicine, Physics, Chemistry, and Biology are recommended. Biology is of especial value in the study of medicine, and is a required course in college, as are the other two.

STUDENTS AT WORK IN AERONAUTICAL LAB

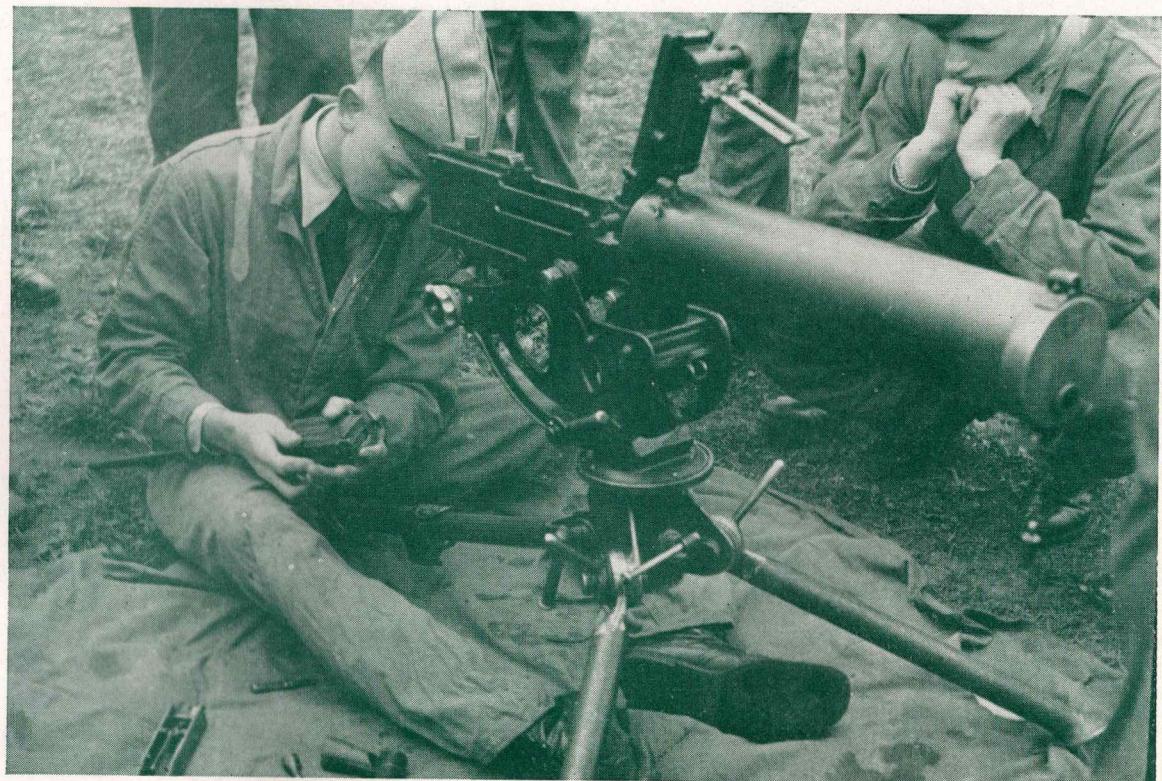

### COLLEGE SCIENTIFIC COURSES

For those students who expect to pursue scientific courses in college, such as Engineering or Medicine, more than two Science courses should be taken in High School. For those students who expect to study Engineering, an extra Mathematics course and an extra Science course may be taken, with the permission of the school authorities, in place of the required History courses. For those students who expect to study Medicine, Physics, Chemistry, and Biology should all be taken, and the extra Science course may be substituted for a History course.

In other words, our curriculum is flexible, and while we say that certain courses are required for graduation, we will make exceptions when the good of the individual is at stake.

### FOREIGN LANGUAGES

The Academy offers three-year courses in any one of four Foreign Languages: Latin, German, French, or Spanish. Graduation requirements are three years in one of these, or two years in any two. It is recommended that the cadet pursue one language for three years, as most colleges require only one Foreign Language, and the cadet who has three years preparation before entering college has a big advantage.

INSTRUCTION IN MACHINE GUN DRILL

#### MILITARY SCIENCE

Each cadet who has reached his fourteenth birthday, and who can pass a mild physical examination, must study Military Science and Tactics each year he is at the Augusta Military Academy. One year of Military Science is required for graduation.

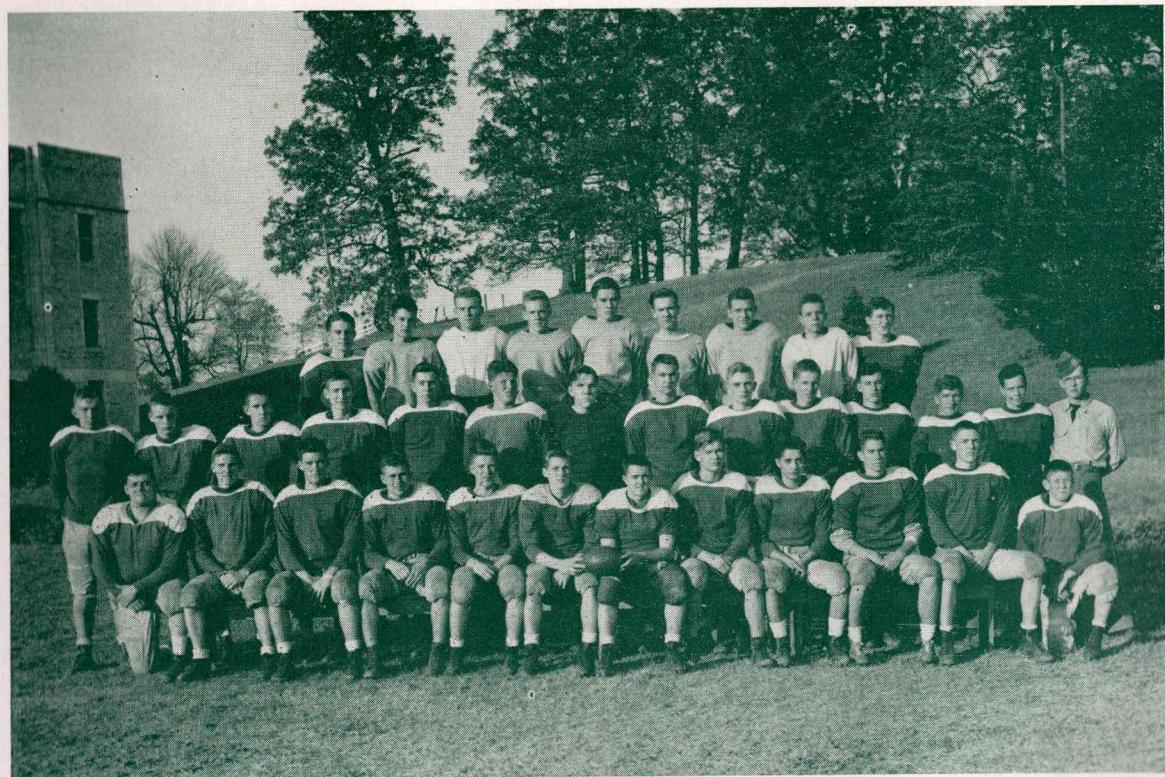

The Academy is recognized by the United States War Department as a Junior Reserve Officers' Training Corps Unit, and as such, receives assistance from the War Department in conducting Military Training. There are five instructors currently at the Academy instructing in Military Science.

In addition to the required course established by the War Department which teaches the cadet how to be a soldier if the need ever arises, great practical value may be gotten from some of the courses if there is never another war. Such courses as First Aid, Military Courtesy, Map and Aerial Photograph Reading, and Marksmanship may stand him in good stead in later life.

#### MUSIC

Private lessons in music are given by Major Martin G. Manch, who is a graduate of the Sherwood Music School, Chicago, and who studied for several years in Germany.

Piano, voice, violin, and all band and orchestral instruments may be studied by private arrangement with Major Manch. Rates are \$60 for the entire year, plus a \$5 deposit for the cost of books, sheet music and other incidentals the student will need. All checks should be made payable to Major Manch, not to the school.

ONE OF THE SMALLER BOYS' FOOTBALL TEAMS

#### THE JUNIOR SCHOOL

A junior school is conducted by the Augusta Military Academy, with regular classes conducted in the sixth, seventh, and eighth grades. Boys as young as ten years old are accepted, and special arrangements may be made if the boy has not progressed as far as the sixth grade by the time he enters.

The classes are small in these grades, averaging about fifteen cadets per class, which is much smaller than the average public school class. Thus the young boy is given individual instruction impossible with larger classes.

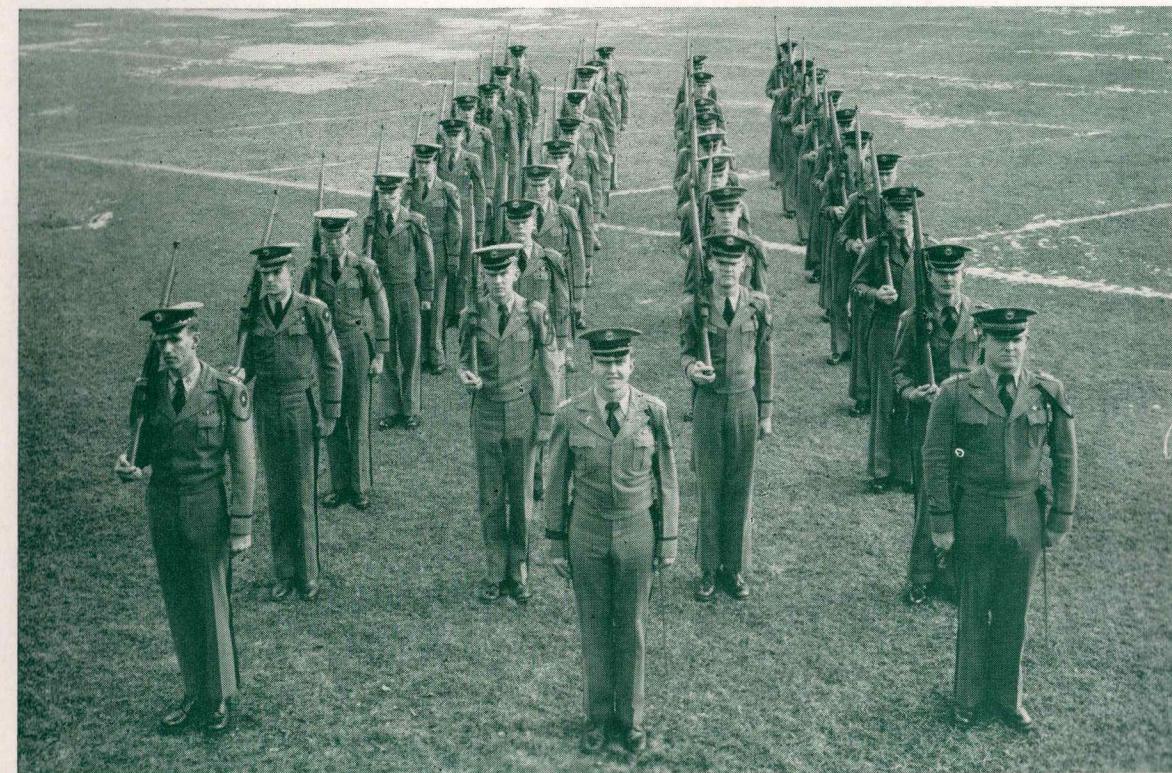

The younger cadets live in a special barracks, away from the older cadets, and an officer and his wife occupy an apartment in the barracks with them. The young cadets are taught the same principles of military courtesy, obedience, and neatness as the older ones, but not on such an intensive scale. They obey the same rules, but we realize that they are very young, and so provide constant supervision not only over their academic work, but over their everyday life as well.

The instructors are men and women of the finest moral character, who are making the teaching of young children their life work. Thorough groundwork is laid for high school work in Mathematics and English, and the regular courses of these grades, as set forth by the Virginia State Board of Education, are followed. As a general rule, we find that the cadets who take several years in our Junior School before entering the Upper School are better prepared than those cadets coming to the Upper School direct from public schools.

## Scholarships and Awards

### SCHOLARSHIPS

THE members of the graduating class are eligible for a scholarship to the Universities and Colleges named below. These eight scholarships are awarded on the basis of the highest scholastic averages and general merit, the recipients to be selected by the Principals and the Academic Board. The value of the scholarships vary, but are worth usually about \$100.

UNIVERSITY OF VIRGINIA, CHARLOTTESVILLE, VIRGINIA  
 WASHINGTON AND LEE UNIVERSITY, LEXINGTON, VIRGINIA  
 HAMPDEN-SYDNEY COLLEGE, HAMPDEN-SYDNEY, VIRGINIA  
 DAVIS-ELKINS COLLEGE, ELKINS, WEST VIRGINIA  
 BRIDGEWATER COLLEGE, BRIDGEWATER, VIRGINIA  
 UNION COLLEGE, SCHENECTADY, NEW YORK  
 VIRGINIA MILITARY INSTITUTE, LEXINGTON, VIRGINIA  
 WILLIAM AND MARY COLLEGE, WILLIAMSBURG, VIRGINIA

SUNRISE SERVICES EASTER MORNING

#### THE ALDEN J. BLETHEN III SCHOLARSHIP

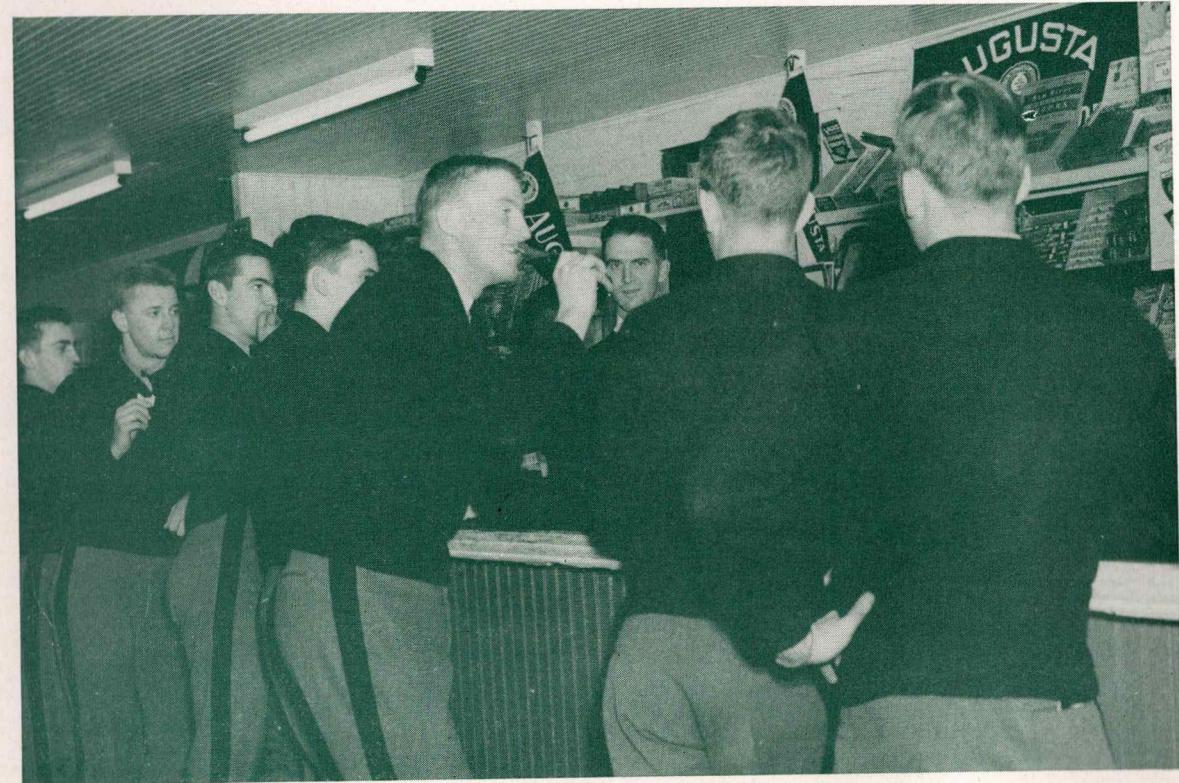

In memory of their son, Alden J. Blethen, III, who was killed in an accident in the summer of 1930, General and Mrs. C. B. Blethen, of Seattle, Washington, have established a perpetual scholarship to be awarded annually to some worthy boy who is in need of financial aid. This scholarship, which is worth \$250, will not be awarded to any boy for more than two consecutive years. Alden J. Blethen, III, attended Augusta Military Academy for five years and graduated in June 1930.

#### THE MUNDIN SCHOLARSHIP

As a memorial to his father and desiring to assist worthy boys in securing an education, Lewis H. Mundin, Jr., of Richmond, Virginia, who graduated from the Augusta Military Academy in June 1927, has established a perpetual scholarship valued at \$250 to be awarded annually to some deserving boy. The award will be made on the basis of scholastic ambition, good sportsmanship and financial need, and will be awarded only to boys who have spent at least one year at the Academy.

#### THE COLONEL T. J. ROLLER MEMORIAL SCHOLARSHIP

The Faculty and Corps of Cadets of the Session 1945-46 have established a Scholarship in memory of Colonel Thomas J. Roller, Co-Principal and Headmaster of the Academy since 1907, who died on March 10, 1946 while visiting his son in Coral Gables, Florida. The Scholarship will be worth about \$100 and will be awarded annually to a cadet on the basis of financial need, athletic and scholastic standing. A committee of the Faculty will determine the recipient.

CADETS IN THE POST EXCHANGE

#### MEDALS AND AWARDS

Annually, at graduation exercises, various medals and awards are presented to outstanding cadets in many fields. Some of the most prized are as follows:

**PRINCIPALS' PRIZES.** First School Honor. To the cadet who makes the highest average.

Second School Honor. To the cadet receiving no demerits during the entire year.

**MILITARY PRIZES.** First. For military excellence during the year. Second. Best-drilled cadet in individual competition. Third. Neatest room during the entire year.

**CROWLE MEDAL.** Mr. J. D. Crowle, Jr., of Staunton, Virginia, an alumnus, gives a medal for the best student in Spanish.

**FERGUSON MEDAL.** Mr. W. M. Ferguson, of Roanoke, Virginia, an alumnus, gives a medal to the best student in all subjects.

**REED MEDAL.** Mr. H. E. Reed, Jr., of Pittsburgh, Pennsylvania, an alumnus, gives a medal for Marksmanship.

**RICHEY MEDAL.** Mr. F. O. Richey, of Cleveland, Ohio, an alumnus, gives a medal for the best student in Science.

**CLARKE MEDAL.** Mr. L. B. Clarke, of Washington, D. C., an alumnus, gives a medal for the best student in History.

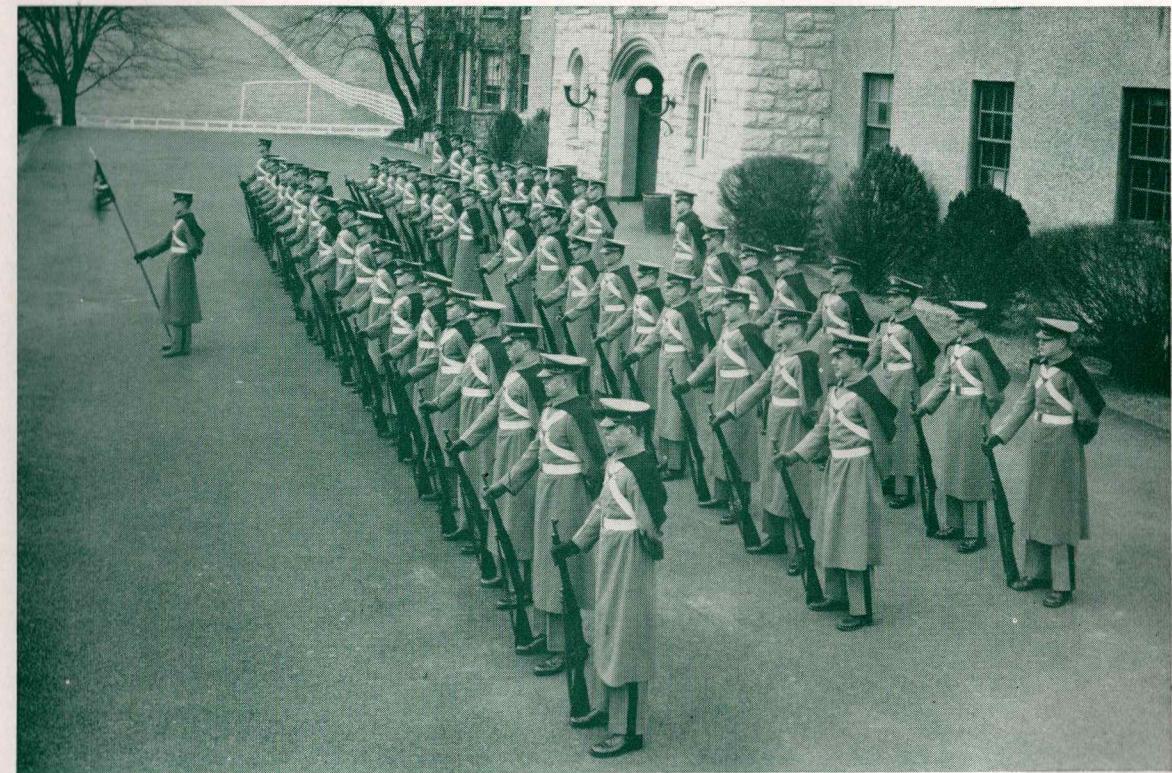

**SHOOK MEDAL.** Major C. F. Shook, of New York City, gives a medal in memory of his son to the best student in Military Science.

**ROLLER MEDAL.** Mr. T. A. Roller, of Fort Defiance, Virginia, an alumnus, gives a medal to the best student in Latin.

**MAGGIE BELL ROLLER MEDAL.** The Maggie Bell Roller medal is awarded the most loyal cadet.

THE CADET BAND

COMPANY FORMED IN FRONT OF BARRACKS

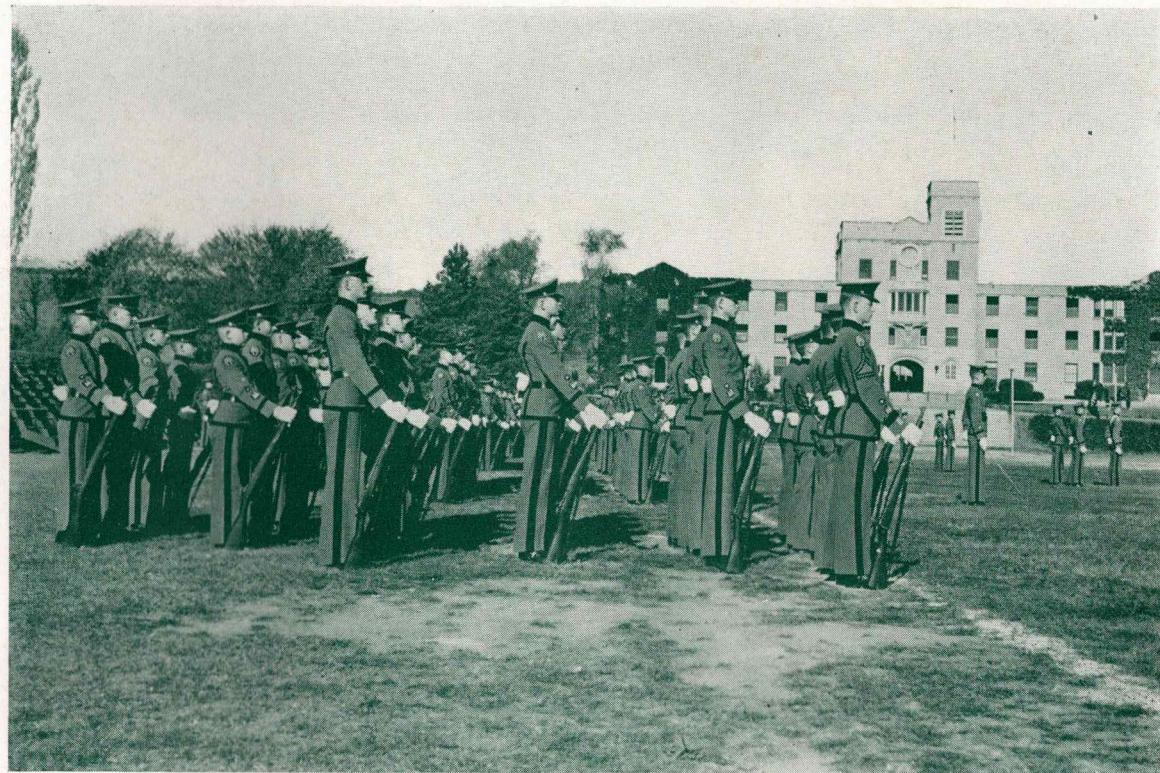

## Military Department

THE AUGUSTA MILITARY ACADEMY operates under the War Department Program of Instruction for Essentially Military Schools. To carry on the instruction, the War Department has furnished the necessary equipment, including rifles, pack equipment, machine guns, mortars, ammunition for training, and other materials necessary for military instruction. Personnel from the Regular Army is detailed by the War Department to do the instruction work, and they are assisted by members of the faculty who have had previous military training.

The Academy is not a training school for the United States Army. It has been conducted for more than half a century on a military basis because its owners have felt that a thorough military training is the best possible preparation for the duties and responsibilities of life. As a cadet passes through the various grades from private to commissioned officer, his responsibilities gradually increase, until, in his last year, he becomes largely responsible for the spirit and discipline of the Corps of Cadets.

The Academy has no guard house and there are no bars on the windows. The cadets represent families of culture and refinement and form a remarkably fine body of boys whose moral standards are high.

This Academy was designated a Military Institute by the War Department in 1946. This means that our third and fourth year Military Science is the same as the first and second year in an R. O. T. C. College, and a cadet who completes our third or fourth year will get appropriate college credit.

STANDING AT PARADE REST

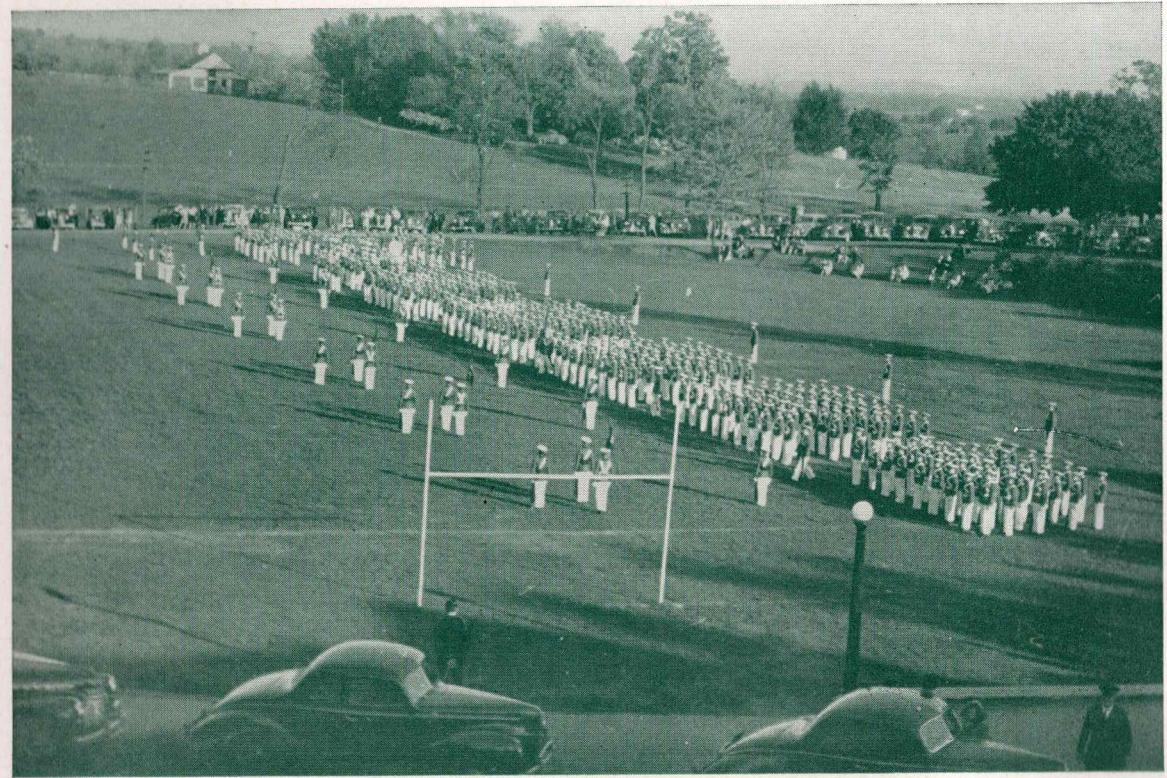

#### ADVANTAGES OF MILITARY TRAINING

It is not an uncommon idea that a military school is designed to fit young boys for military service. To be frank, this aim is one of the least important, and since the founding of the school, few have ever enlisted in the Regular Army. We, however, endeavor to prepare our boys for the Government Academies, and before World War II any cadet who successfully completed four years of Military Science was eligible for a commission as a second lieutenant, Infantry Reserve, United States Army. We cannot give commissions now, but two years of College R. O. T. C. credit are given for completing our third and fourth years.

The military system is coming to be recognized more and more as the ideal training for boys and young men. Our contention is that, while military training may fit our lads to serve their country in time of war, it is of far greater value to them in time of peace.

We hear a great deal about the discipline of a properly conducted military school, as though it were the dominant characteristic. As a matter of fact in a first-class school, it is of minor importance, because it is so absolutely natural. To obey lawful authority is the most natural thing for a cadet to do. His obedience is instinctive from the start and soon becomes a habit.

Military training inculcates the habit of obedience to law, respect for authority, and self-control on the part of the individual. It makes him a better citizen and a respecter of the law instead of its breaker. It feeds and thrives on love of country and hatred of anarchy.

SUNDAY AFTERNOON DRESS PARADE

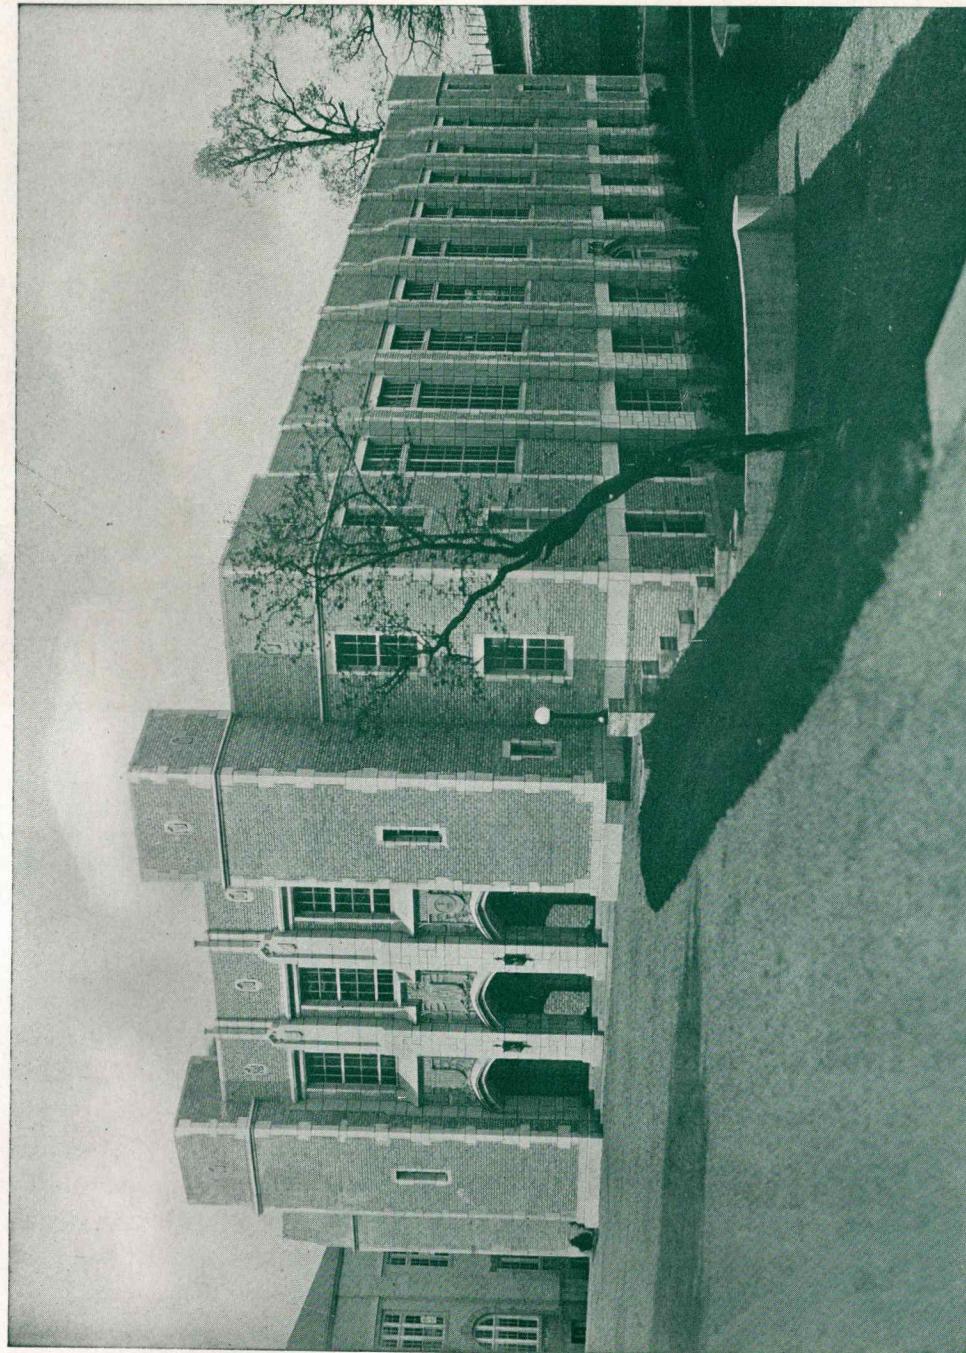

#### ORGANIZATION

To become a member of the R.O.T.C. a cadet must be fourteen years of age. The military training does not interfere with ordinary academic duties, nor does it encroach upon his leisure and recreation periods.

The instruction consists of classroom work four days each week given by Regular Army instructors, and a forty-five minute drill period on five days a week. Ample time is left for academic and recreational time. As a matter of fact, the regularity of the military system enables cadets to arrange their time so that study and recreation fall naturally into their proper niches.

The Corps of Cadets is organized into a Battalion with a band and five companies. The organization is based on Army Organization of an infantry Rifle Company, and the cadets themselves are the officers of the Battalion and Companies, supervised by the Regular Army Staff. The highest ranking cadet officers are normally those who are in Military Science IV, the cadet lieutenants in Military Science III, the non-commissioned officers in Military Science II, and the privates in Military Science I. No first year cadet, regardless of which year of Military Science he may be studying, is ever given a grade above that of private.

Those cadets with musical ability are usually placed in the band, which is under the direction of the music instructor. The band is an integral part of the Corps of Cadets and plays for all parades, marches, and military ceremonies. It has cadet officers just as the rifle companies, and the cadets in the band must study Military Science just as the rest of them do.

THE NEW GYMNASIUM

A CADET'S ROOM IN MAIN BARRACKS

## Buildings

### MAIN BARRACKS

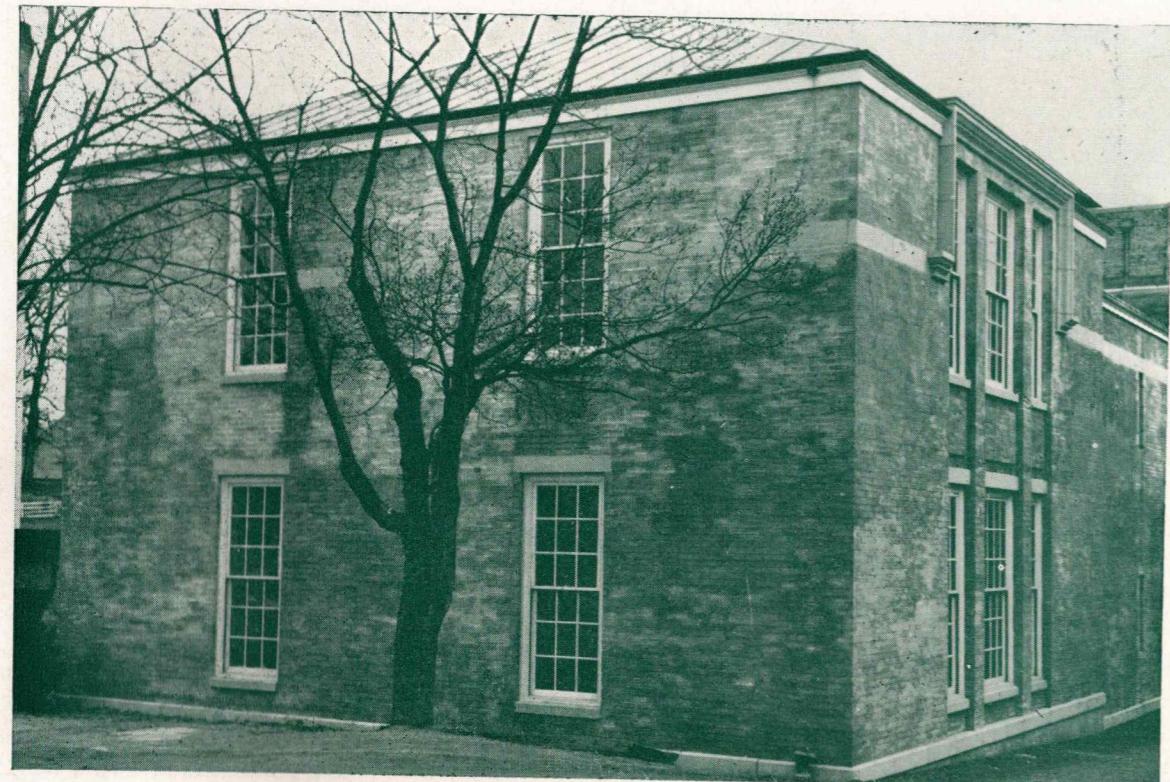

THE main barracks is of steel and concrete, the only wood being the doors and windows and are absolutely fireproof. The cadets' quarters are ample in size, heat, and comfortable, yet thoroughly military and sanitary. As a general rule, only two cadets occupy a room, and each cadet has his individual table, closet, shelf, and bed. Each room opens out on a porch, as the barracks is arranged in a quadrangle, and every room has perfect ventilation.

All buildings are heated from a central heating plant, and fresh spring water is piped to all parts of the barracks.

The main barracks is the center of the school life. Here are the administrative offices, the post-office, the Officer Of The Day's Office, and the rooms of all the older cadets.

### JUNIOR BARRACKS

The younger boys in the Junior Department live in "J" Barracks. It is an attractive white frame building that was formerly a home, but has been enlarged and divided into smaller rooms for the younger boys. A faculty officer and his wife occupy an apartment in this building to supervise the young cadets. All modern conveniences and facilities are present in the building, and it isolates the younger boys from the older cadets in the Main Barracks.

THE NEW SCIENCE HALL

**ACADEMIC BUILDINGS**

The Memorial Academic Hall is of brick and concrete construction, completely fire-proof, and here is housed the Assembly Hall, a large hall capable of seating every cadet in the school for assemblies, exercises, and other functions. This hall is well heated, as are all the buildings, is well lighted with fluorescent light, and has excellent ventilation.

On the lower floor of this building there are classrooms. These are small rooms, designed for approximately fifteen students. Each room is equipped with chairs with wide arms for writing, and the entire wall is covered with slate blackboards. The Chemistry laboratory is located in the basement of this building, and is a large room equipped with desks and with the latest chemical apparatus and supplies to insure a comprehensive laboratory course.

A new laboratory building, known as the Colonel Roller Memorial, was constructed this year just to the rear of the Academic Hall to house the Physics and Aeronautics laboratories.

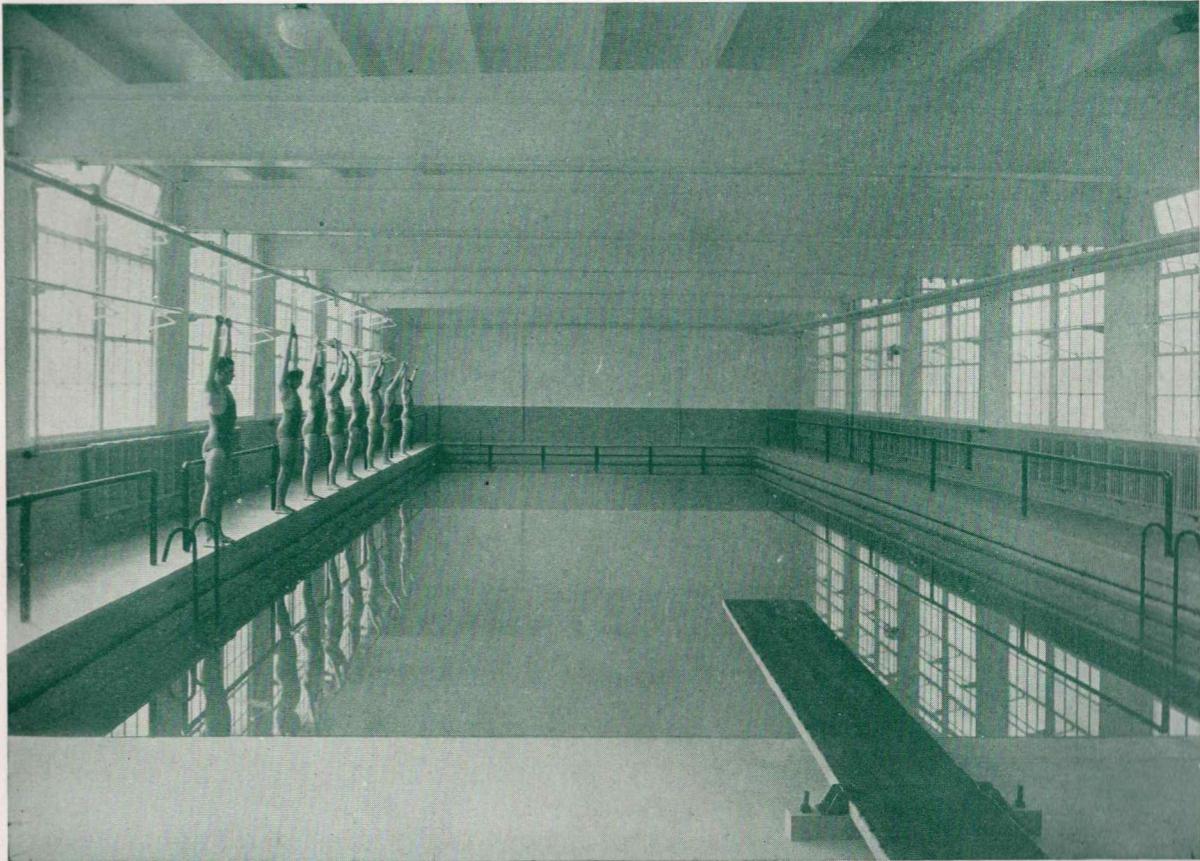

Other classrooms are located between the Academic Hall and the Main Barracks. They are similar to the ones in the Academic Hall, with desks for each cadet and ample blackboard space.

**INFIRMARY**

An infirmary, which is open twenty-four hours a day, is located near the center of the building area where it is convenient to all. A trained nurse is in constant attendance, and a physician calls once each day to prescribe for those cadets who are not feeling well.

**POST EXCHANGE**

A post exchange, where cadets may purchase soft drinks, candy, toilet articles, and the like, is located near the other buildings. It is open each day for the convenience of the cadets.

THE SWIMMING POOL IN THE GYMNASIUM

**THE GYMNASIUM**

The new gymnasium is built of gray brick and is 72x170 feet. On the ground floor there are 325 lockers, an indoor shooting range, a large room that is used for boxing and wrestling teams, and ample shower and toilet facilities.

On the main floor is the large basketball court which allows several games to progress at once, and which is used for dances and for other exercises when large crowds are expected.

Adjoining the gymnasium is a large 32x76 foot indoor swimming pool, which is connected to the gymnasium, and which is heated during the winter months. The pool varies in depth so that even the smallest boys can safely enter it.

**THE MESS HALL AND KITCHEN**

A modern mess hall which can seat over 400 people is located near the main barracks. Cadets eat at tables for ten, and the faculty officers eat at the tables with the cadets. Either a faculty officer or a cadet officer is at the head of each table to insure that proper eating habits are observed.

The kitchen and store rooms are large and excellently equipped. The food which is prepared and served is excellent and well-cooked. The Academy operates a large stock and chicken farm, and thus has been able to serve meat, eggs, and butter regularly even during the lean times of the war and at present.

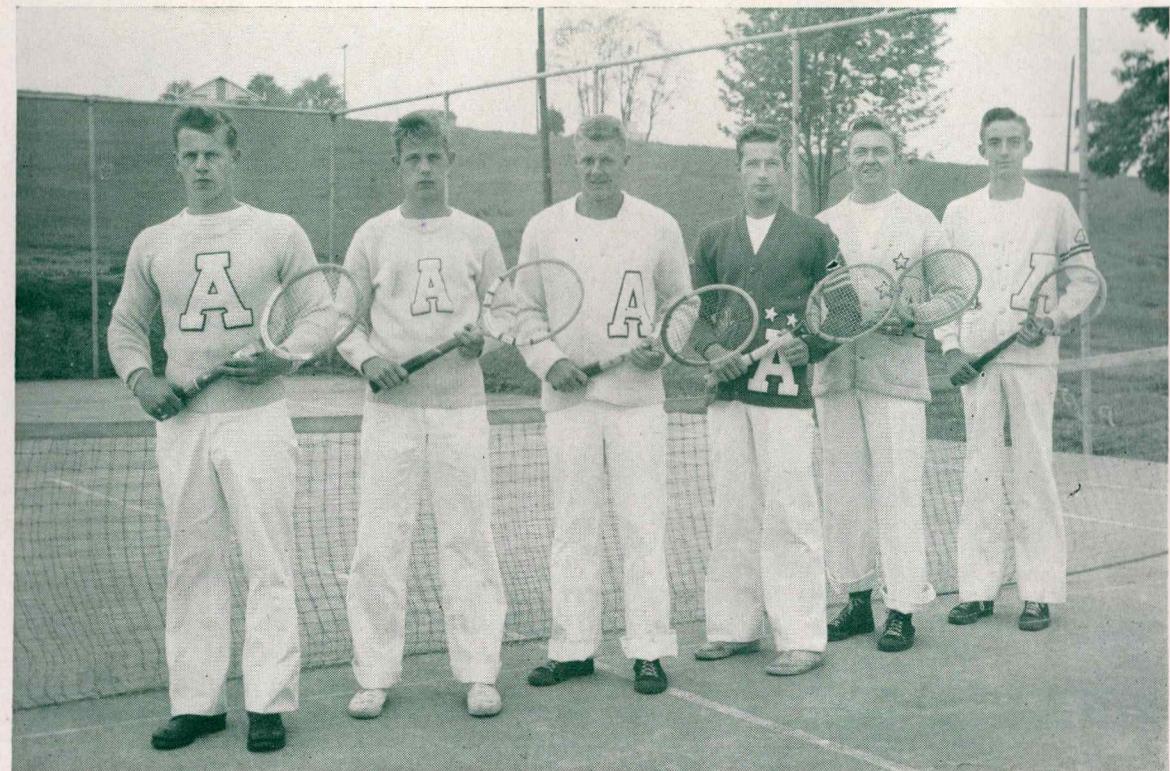

## Athletics

THE AUGUSTA MILITARY ACADEMY believes that every boy should participate in some form of athletics, and we believe that we offer as many different kinds of teams as any other school of comparable size in the country.

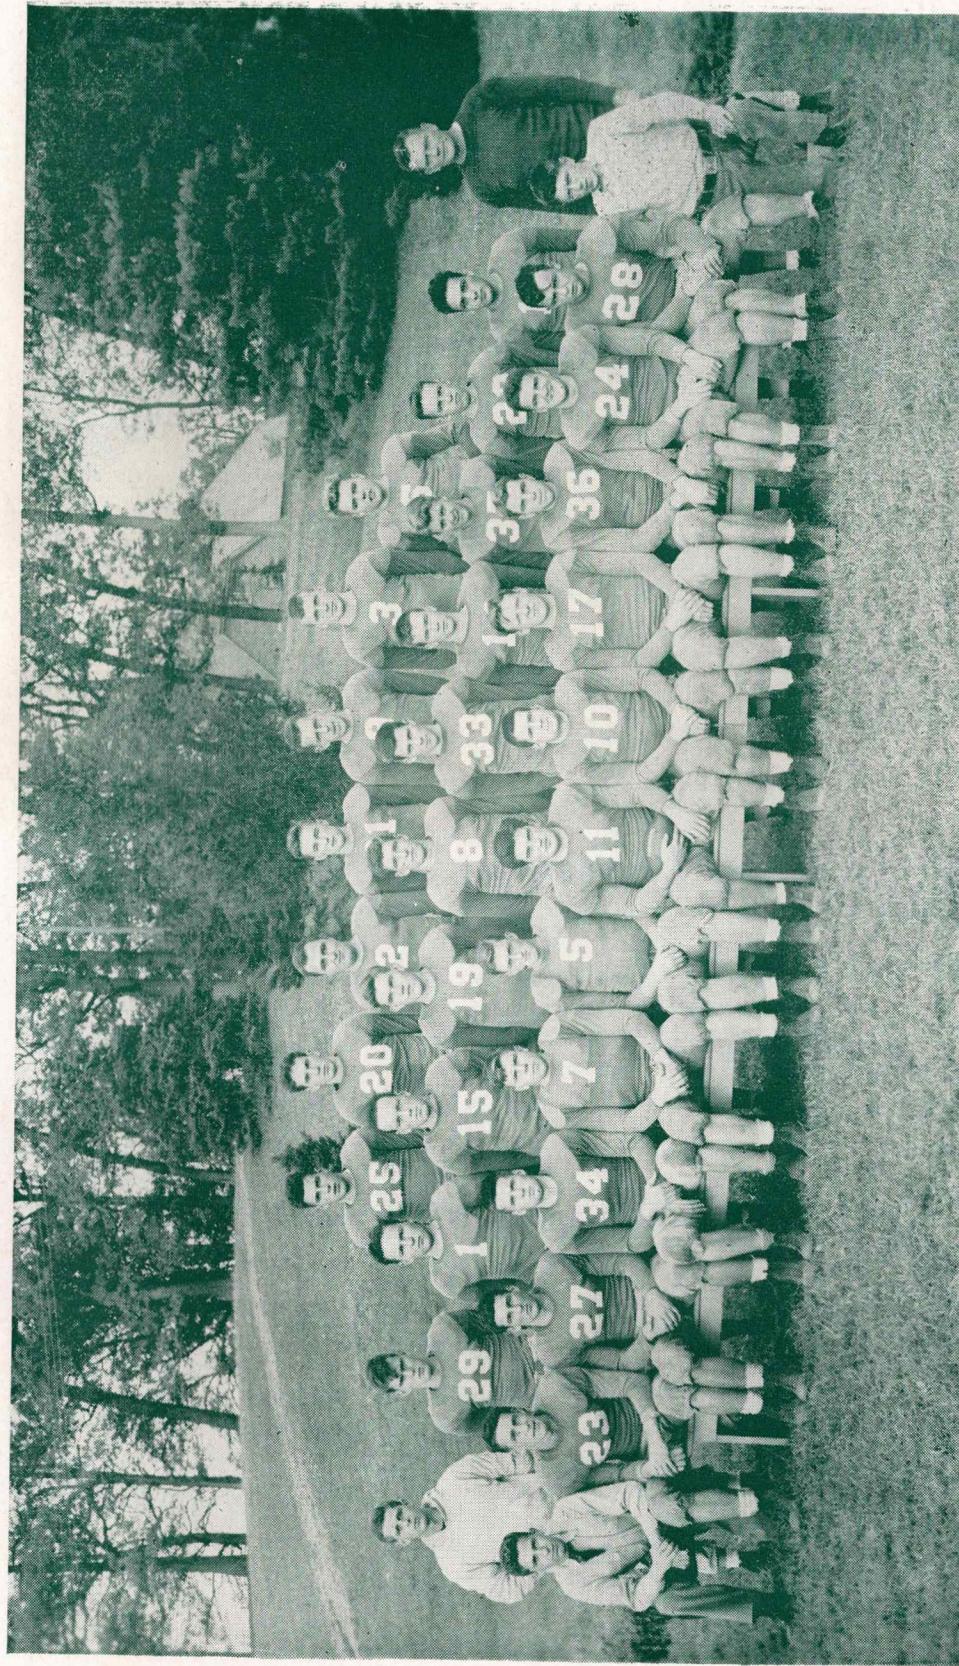

Our coaches are not professional coaches, as we do not believe in the principle that a coach must win in order to keep his job. They are all instructors who give their time in the afternoons to help guide the cadets to lasting benefit from sports. Our facilities are of the best, our equipment is excellent, and we maintain athletic relations with schools not only in Virginia, but in several other States as well, and with the Plebes of West Point and Annapolis.

In addition to the varsity sports, there are teams made up of the cadets who are unable to make the varsity, and teams segregated by size and age, who also compete against other schools. In football, for instance, in addition to the varsity team, there is a junior varsity, a 150-pound team, and a team in the 125-pound class.

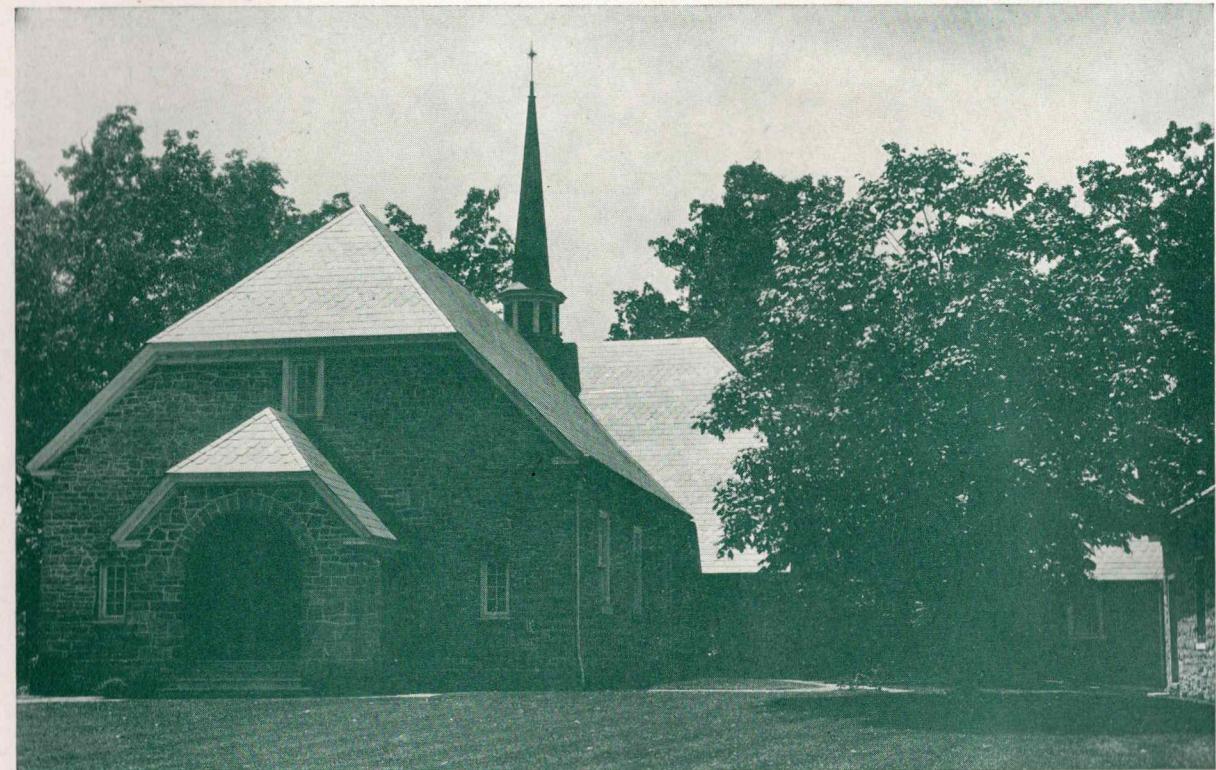

The school has two athletic fields, which are used for football, baseball, and track. The gymnasium is ample for basketball, swimming, boxing, wrestling, and fencing. The tennis team uses the Academy's new tennis courts, which are concrete and thus can be used in any weather, and the golf team uses the facilities of the Ingleside Hotel which has an excellent 18-hole course only five miles from the Academy.

STATE CHAMPION TENNIS TEAM

THE VARSITY FOOTBALL TEAM

THE AUGUSTA STONE CHURCH

### Moral and Religious Influences

THE AUGUSTA MILITARY ACADEMY is non-denominational, and boys of any faith or creed are accepted. However, the principals have always felt that moral and religious influences are as important as academic and physical in the making of men. Thus every cadet is required to attend church every Sunday.

The Academy is situated within several hundred yards of the Old Augusta Stone Church, one of the oldest in the Valley of Virginia, in which Presbyterian services are held each Sunday. The pastor of this church is the chaplain of the Academy, and conducts classes in Biblical history several days each week at the Academy.

All students are required to attend these Protestant services, except members of the Catholic and Jewish faiths, who are transported into Staunton each Sunday to attend churches of their faiths.

While non-Sectarian in the matter of creed, we use every means in our power to teach high, moral, and religious ideals. We believe a strong character to be the first requisite to a well-rounded manhood, and to develop this is our first aim. There is thrown around the cadets every possible influence which will make for courage, honesty, truthfulness, a sense of honor, and a reverence for sacred things.

Moral instruction is given upon every possible occasion. Speakers on religious subjects are occasionally brought to the school to impart their messages; every meal in the mess hall is opened with a short prayer by some cadet; and there is a short prayer service in the Assembly Hall each morning before school begins.

THE Y. M. C. A. IN SESSION

#### THE Y. M. C. A.

A Young Men's Christian Association has existed among the cadets for the past thirty years. Its meetings are held each Sunday night in the Assembly Hall and are well attended by the student body. The Y.M.C.A. is run by the cadets themselves for the cadets. Prominent speakers are secured from time to time who aid materially in making the project not only very attractive but also very helpful to the cadet.

#### THE HONOR SYSTEM

The Honor System has been in Augusta since its foundation. It embraces not only examinations and daily recitations, but every phase of cadet life. The plan is constructive and stimulates the cadet's purpose, will-power, and his spirit of trying to do the best thing. The fundamental concept of the Honor System is that each cadet is truthful, honorable, and clear-minded. Some of the regulations of the Academy are published, others live by tradition. The representatives of the various classes which make up the Honor Court are the finest cadets in the school, known to all for their integrity, uprightness, and fairness, and one of the highest honors that an Augusta cadet may have is to be a member. Whenever a cadet is found guilty of breaking the Honor Code, he is promptly dismissed from the School.

A FORMAL DANCE IN THE GYMNASIUM

#### RECREATION

The Academy has always believed that a boy who is busy doing something is less likely to get into trouble than one who is doing nothing. For this reason, we endeavor to make recreation one of our strongest points.

In addition to the regular athletic sports in which we urge the cadets to participate, we attempt to provide them with other recreational facilities in so far as is possible.

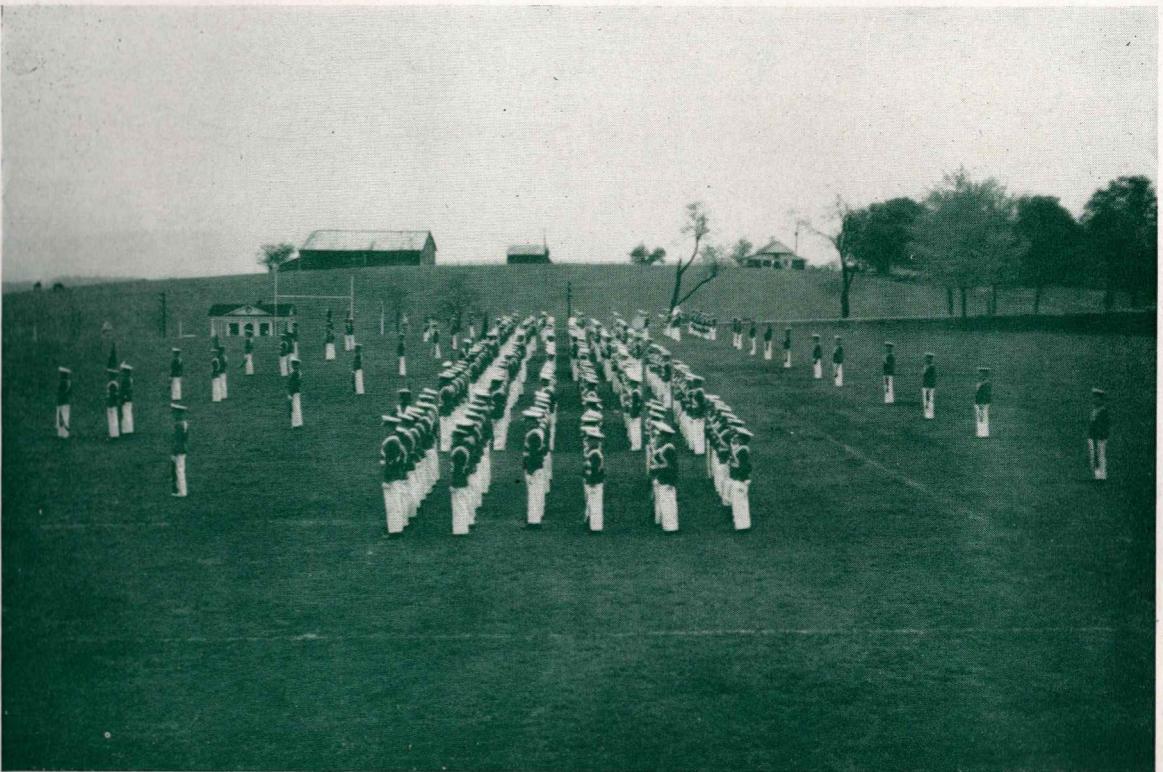

We do not allow our cadets to go to Staunton (the nearest city) but once a week, and that on Monday afternoon, when they must be back at the school in time for supper; but we have a moving picture in the Assembly Hall each Saturday night with our own projector. The charge is a nominal one and every attempt is made to show the latest pictures.

Dances are held periodically in the Gymnasium. The cadets have their own Cotillion Club with their elected officers who arrange for the dances in conjunction with the Principals. Excellent orchestras are hired, the Gymnasium is decorated each time, and young ladies from many sections of the country attend. Before any young lady is allowed to attend the dances she must be approved by the Commandant, a necessary precaution when very young boys are being considered. Every cadet is urged to learn to dance and to attend the dances in order to learn social poise and enjoy himself.

Frequently, trips are taken by the entire Cadet Corps to points of interest. In 1946, for example, the entire Corps went to Winchester, Virginia, where they marched in the parade after the crowning of the queen at Virginia's famous Apple Blossom Festival. Several of our cadets were invited to be Honor Escorts for the queen, the daughter of the Secretary of Agriculture, at ceremonies preceding the crowning.

SOME PHASES OF CADET LIFE

CORPS LINED UP AT DRESS PARADE

## Financial

THE tuition for the school year is \$1000, which includes academic instruction in all branches, including laboratories, military instruction, board, laundry, library fees. The tuition charge is the same for members of the Junior School as for the Upper School. A deposit of \$210 for new cadets and \$85 for old cadets for uniforms, and a deposit of \$20 for all cadets for Books, Stationery, etc., is required on entrance.

An Infirmary fee of \$15 is charged each cadet to take care of medicines, nurse and doctors' fees. A charge of \$2.50 is made for physical examination. Extra drugs are charged at cost. This includes only medical care given in the infirmary.

An athletic fee of \$15 is charged each cadet, which entitles each cadet not only to attend each athletic function free of charge, but gives him the privilege of using any of the athletic equipment. This fee must be made payable to A. M. A. Athletic Association on entrance.

### CHARGES AND PAYMENTS

#### ON ENTRANCE

First Tuition Payment . . .	\$600
Uniform Deposit . . .	85 or 210
Books, Stationery, Etc. . . .	20
Infirmary Fee . . . . .	17.50

Totals . . . \$732.50 or \$847.50

#### JANUARY FIRST

Second Tuition Payment . . .	\$200
Third Tuition Payment . . .	\$200

Athletic Fee . . . . . \$ 15

#### MARCH TWENTIETH

CADET PUBLICATIONS STAFF AT WORK

#### GENERAL

All checks should be made payable to the Augusta Military Academy, with the exception of the athletic fee, and should be mailed to the Academy, not entrusted to the cadet for delivery.

A final statement is sent to each parent on June 15, after each school year, and any unused portion of the uniform or book and stationery fee will be refunded at that time.

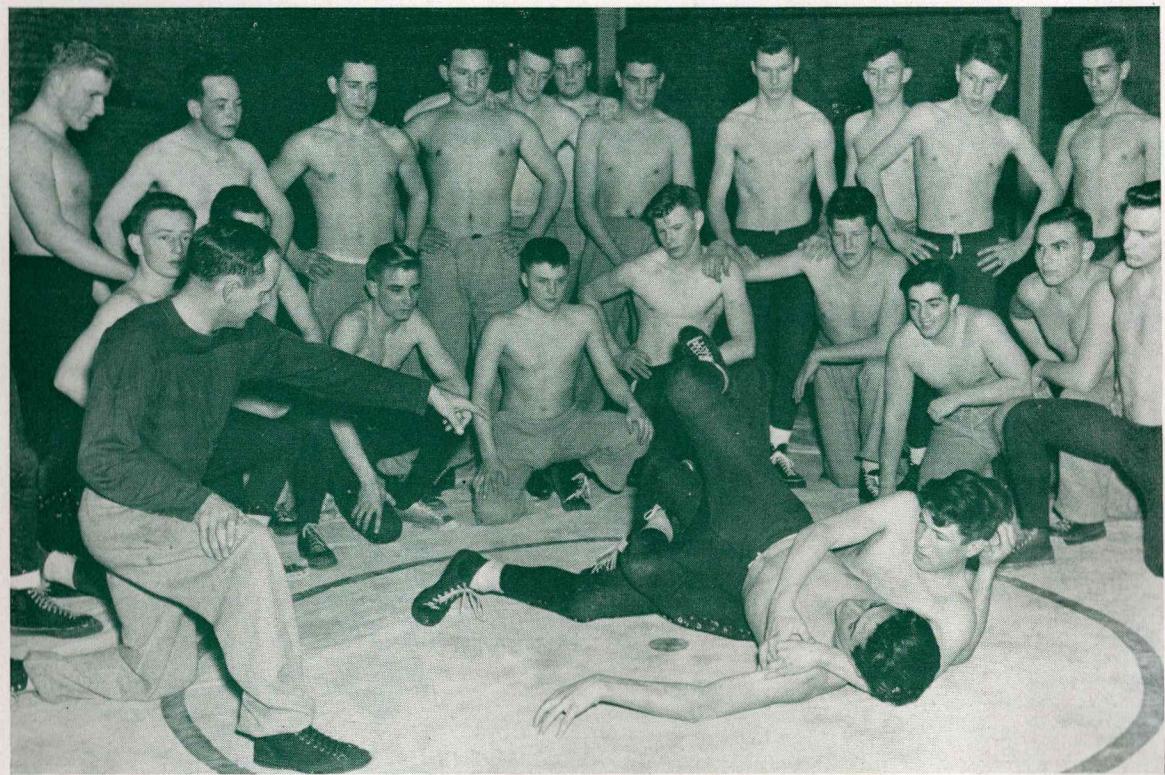

The first payment is due prior to the entrance of the cadet in the school, and for the year 1948-49 will be due on or before 22 September, 1948.

Monthly payments may be arranged if desired.

In the future the Academy will no longer purchase second-hand uniforms from cadets who are leaving the Academy. This has been done in the past, but the majority of new cadets do not desire second-hand uniforms, and thus the Academy has acquired a tremendous stock which it cannot liquidate.

#### LATE ENTRANCE

When cadets enter after Christmas, the tuition charges from January until June are \$650. As the cost of uniforms, books and stationery, Infirmary, and athletic fees are the same as for entrance in September, the total amount is \$812.50, of which \$612.50 must be paid on entrance and \$200 on March 20. The athletic fee must be paid to A.M.A. Athletic Association as outlined above.

THE WRESTLING COACH GIVING INSTRUCTIONS

#### GENERAL FINANCIAL REMARKS

When cadets withdraw or leave the school, a refund only of the unused portion of the deposit for clothing, and books will be made.

The diploma and credit for work done will not be given to any cadet until his account with the Academy is settled in full.

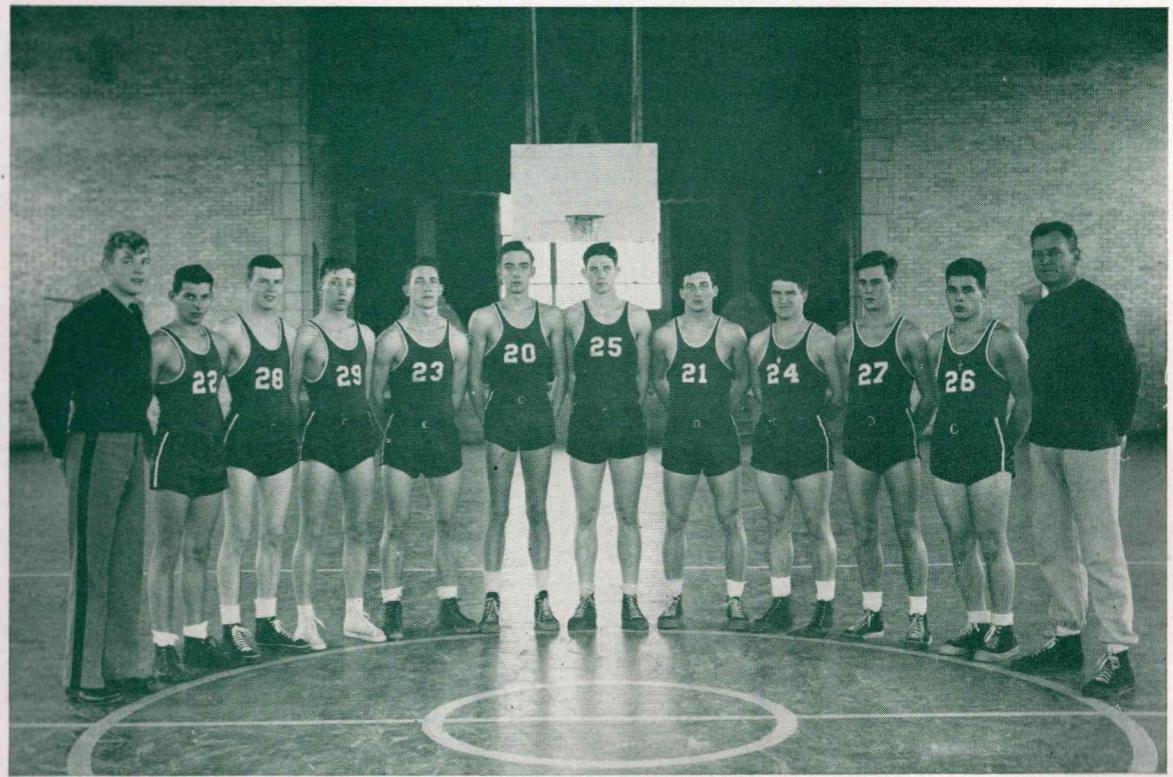

Should it become necessary to dismiss a cadet, or when a cadet leaves school either with or without the parent's permission, no part of his tuition will be refunded. This is not the case, however, when a cadet is allowed to withdraw on account of sickness.

#### EQUIPMENT TO BE BROUGHT TO SCHOOL

Cadets must be supplied with the articles named below. They may be brought with him to school, or, in the case of those items marked with an asterisk, may be bought at the Academy. Each article should be distinctly marked with the owner's name.

*6 Face Towels	*2 Pairs Black Shoes (High)	5 Sheets (single)
*6 Bath Towels	(Low Shoes Prohibited)	3 Pillow Slips
1 Bath Robe	1 Pair Bedroom Slippers	4 White Shirts
*1 Pair Overshoes	*4 Pairs Cuffs	3 White Bedspreads (Single)
*6 Standing Collars	1 Pair Heavy Blankets	4 Suits Pajamas
*1 Shoe Shining Outfit	1 Comforter	1 Rug (about 3x6)

**IMPORTANT NOTICE:**—Due to the possibility of food prices advancing above the present levels and as a protection to ourselves we reserve the right to raise the tuition fees \$75.00 per cadet for the period from January 7 to June 8, 1949.

THE BASKETBALL TEAM

### Regulations

REGULATIONS covering all points of discipline and conduct are posted in each room, and new orders are issued from time to time as circumstances may require.

However, the following regulations are permanent in character and are presented here for the information of the parent:

1. Leaving the school premises without special permission is prohibited.
2. The use of intoxicants or having them in possession is prohibited. Violators of this Regulation will be dismissed.
3. Gambling and betting in all forms are prohibited.
4. The use of profane and obscene language is prohibited.
5. The reading or possession of improper literature is prohibited.
6. Contraction of debts without permission is prohibited.
7. The possession of fire-arms whatever is prohibited.
8. Injury to property, regardless of whose is it, is prohibited.
9. Behaving in a dishonorable or insubordinate manner is prohibited and may result in expulsion.
10. Smoking is discouraged. However, it is impossible to prevent high school boys from smoking, therefore we do not try. We do limit their smoking to their rooms and certain other restricted areas.
11. Cadets' rooms are subject to inspection at all times, therefore they must constantly be maintained in a neat and orderly manner.
12. Cadets are required to maintain themselves in a neat and orderly appearance at all times. Clothes must be clean and pressed; hair must be cut; and shoes shined.

A MODEL LOCKER IN A BARRACKS ROOM

THE VARSITY FENCING TEAM

### Remarks

**I**NJURY to property at the Academy by a cadet is repaired at his expense.

Frequently cadets are allowed too much spending money. It is believed that one dollar per week is adequate and that amounts far in excess of that tend to inculcate habits of extravagance and self-indulgence.

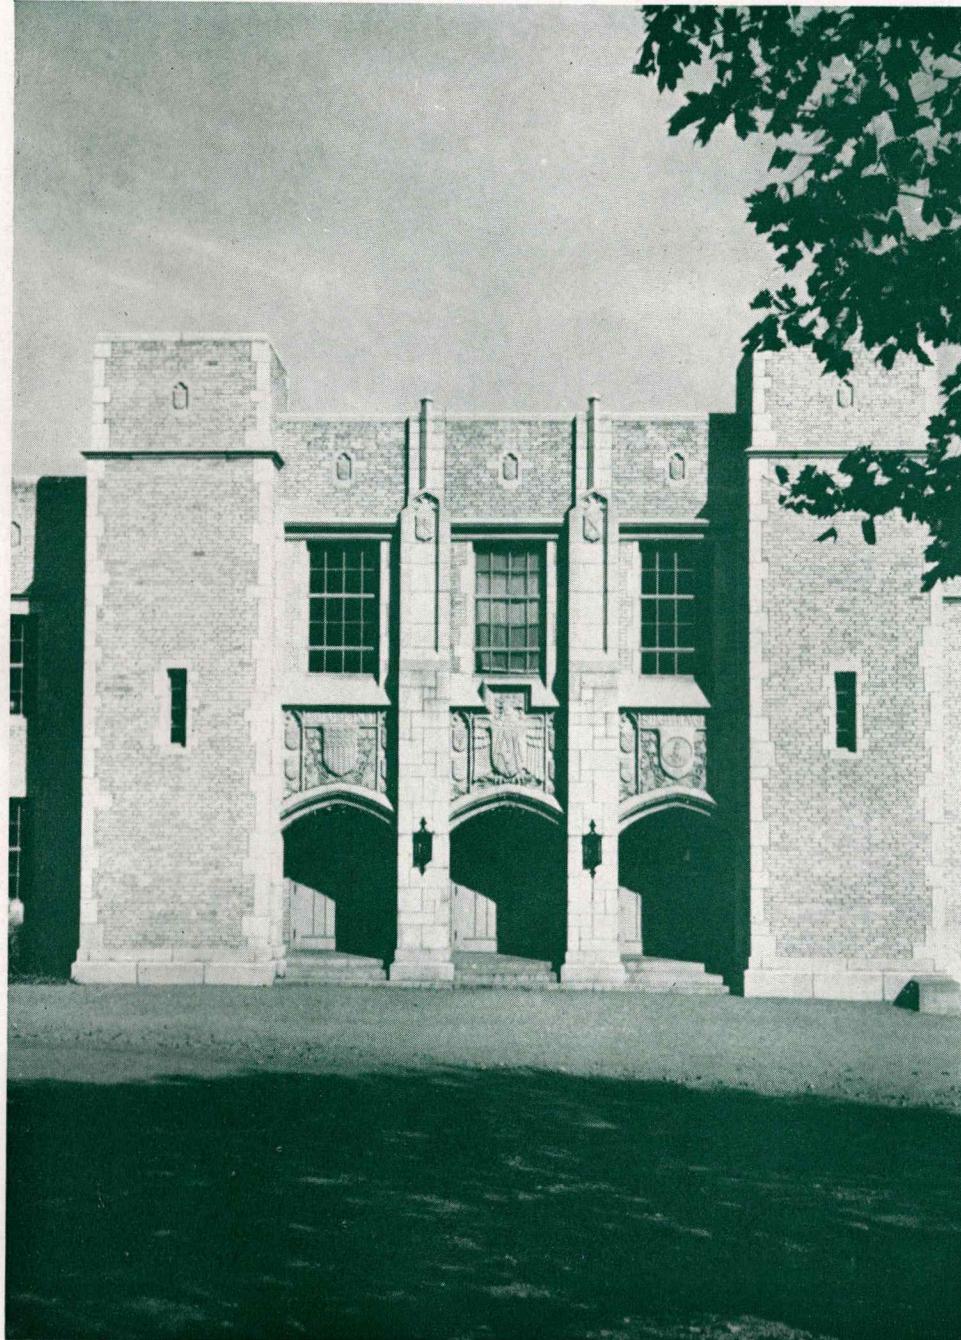

Cadets are free to write home at any time. If they complain, or report any wrong that exists, we urge you to inform us at once, so that the evil, if any, may be corrected at once.

The school will not be responsible for property lost or abandoned by cadets, nor for injury to property through unavoidable accident, nor for unavoidable accident to any cadet.

Each parent is urged to provide an accident insurance policy for the cadet while he is in school. It will protect against accidents in school or out, during school days and in the summer. In the exuberance of youth, broken bones may sometimes mean large hospital bills.

Parents are urged to visit their sons only from Saturday afternoon until Monday afternoon. Visits at other times interfere with the boy's work.

No week-end furloughs are granted except in the case of emergencies. Parents are requested not to ask for them. We believe that we give sufficient holidays during the year so that week-ends are not necessary or advisable.

 ZAGAME, RICHARD D. (Mr. Anthony).....70 Sherman Street, Brooklyn, N. Y.

## SPECIAL INFORMATION FOR VETERANS

If a cadet is a veteran of the Armed Forces and desires to enter the Academy under the G. I. Bill of Rights, he should proceed as follows:

1. If no previous benefits have been received under the G. I. Bill of Rights, and the veteran is not a disabled veteran, he should take his Honorable Discharge Certificate to the nearest Veterans Administration Office, and make application under Public Law 346. File this application as soon as possible, as the Certificate of Eligibility and Entitlement which you will receive, if the application is approved, is never dated prior to the date of application. The Certificate of Eligibility and Entitlement should be brought to the Academy when entering.
2. If you are a disabled veteran and have received no previous benefits under the G. I. Bill of Rights, proceed exactly as above, except apply under Public Law 16.
3. If you have already received benefits under the G. I. Bill of Rights, under Public Law 346, secure from the previous school or establishment a letter showing satisfactory work and dates of attendance, and submit this letter to the Veterans Administration with your application, and ask for a Supplemental Certificate of Eligibility and Entitlement, which you should also bring to the school on entrance.
4. If you have already received benefits under the G. I. Bill of Rights, under Public Law 16, go to the Veterans Administration and request information concerning the transfer of your benefits to this school.

Under the G. I. Bill of Rights, the cadet-veteran can expect the Veterans Administration to pay tuition, books, and athletic and infirmary fees. The cadet will have to pay room, board, laundry, and the cost of uniforms.

It should be noted that the rate listed for tuition on Page 49 of this catalog includes room, board and laundry, in addition to actual tuition. The Veterans Administration will pay only that part which is actual tuition. The cost of room, board, laundry, and uniforms for a first-year cadet will amount to from \$600 to \$650, which amount the Veterans Administration will not pay, and which the cadet must pay himself. However, this amount may be met practically in full by the Monthly Subsistence Checks which the veteran receives each month.
